ADVANCES

**Made by French Army Which
Captures German
Positions****CAPTURE CANNON AND
MACHINE GUNS****Russians Continue to Score
Marked Successes****DRIVE FACED BY TEUTONS****On Banks of Dneister Who
Are Put to Flight—French
Capture of Hem is One of
Considerable Importance,
Assuring Direct Bond and
Advantageous Alignment
of Army Corps.**

After capturing second line German positions along a six-mile front south of the Somme in northern France and making notable advances north of that stream, the French last night temporarily halted the offensive operations of their infantry.

Hard fighting continued along the line of the British attack and a slight advance was scored by General Haig's forces in the vicinity of Thiepval.

The French pushed to the south of the river now threatens Barleux and Villers-Carbonnell, crucial positions in the German defense of the railway center at Peronne.

On the other bank of the river the French are striking east of the Village of Hem which they captured yesterday. Local engagements are reported in this region wooded districts changing hands but no substantial change has been reported on either side. Paris announces the capture by the French in their offensive of 76 cannon and several hundred machine guns. The situation at Verdun was comparatively quiet no infantry attacks occurring during the night.

In Galicia the Russians continue to score marked successes. After cutting the railway leading south from Delatyn, they have advanced down the line toward Korosmezo, Hungary and have taken the village of Mikonpichne, a half way point on the route from Delatyn. This road is a main line of retreat to Hungary for the Austro-Hungarian forces in this region.

**RESUMPTION OF
FRENCH ADVANCE
ALONG THE SOMME**

Paris, July 6.—Last night was generally quiet north and south of the river Somme, says today's official statement of the war office.

The Anglo-French offensive in Picardy has had another day of substantial progress outstanding features being the resumption of the French advance north of the Somme and the capture of German second position there.

Complete preparations had been made quietly in this section, virtually unhindered by the Germans while the French forces south of the river fought up level and got a thorough grip on the Germans' second positions. This was accomplished by the ejection of the Germans from the part of Estrees they still held and the capture of their communications between Estrees and Belloy. The northern troops then emerged from their trenches and dashed forward. The Germans' second position there.

**Deadly Execution of
Artillery Results in
Large Casualty List**

London, July 6, 12:35 P. M.—Having captured the whole German second line south of the Somme from the river to Belloy, the French have resumed operations north of the river and have cleared the bank almost to Clercy. The French who have established themselves at Sormont farm also threaten Clercy.

The British are still heavily engaged all along their front from Hardecourt to Gommecourt. Notwithstanding heavy German counter attacks they have been able to maintain all the ground gained and extend it at some points. As the German trenches are occupied evidence accumulates of the deadly execution of artillery. In some cases 80 per cent of the defenders were killed by the terrific shelling to which they were subjected.

British losses very. Certain formations, being called on to attack defenses where machine guns remained undamaged, suffered heavily. Others captured the position which had been set as their objective with very slight losses.

**WOOLEY NAMED AS
PUBLICITY MANAGER
FOR THE CAMPAIGN.**

(Associated Press Telegram)
New York, July 6.—Announcement was made today at the headquarters of the Democratic national committee that Robert W. Wooley, director of the mint had been selected as publicity manager of the Democratic campaign.

Mr. Wooley had charge of publicity matters four years ago when President Wilson first was a candidate for the presidency. The selection of Mr. Wooley, it was said, would result in his resignation from his official position within a few days.

**MINE SWEEPER
IS DESTROYED
BY SUBMARINE**

(Associated Press Telegram)
Berlin, July 5, via London, July 6, 12:50 P. M.—The admiralty today gave out the following report:

"One of our submarines sank an enemy submarine destroyer in the North sea on Tuesday.
"The submarine U-35 which carried to Cartagena, Spain, an autograph letter of Emperor William to the king of Spain, and medicaments for interned Germans, has returned after carrying out its task successfully. On this journey it sank the armed French steamship Herault, capturing its gun."

The vessel referred to as a submarine destroyer probably was one of the large fleet of small swift boats which patrol the North sea on the lookout for submarines. Sinking of the French steamship Herault in the Mediterranean by a submarine was reported from Madrid on June 25. Thirty-six of the crew reached Castellon, Spain.

ONLY SLIGHTLY DAMAGED.

(Associated Press Telegram)
London, July 6, 12:51 P. M.—The British admiralty today issued the following:

"One of our mine sweepers in the North sea was hit by a torpedo from an enemy submarine on Tuesday. It was slightly damaged and is now in harbor."

**JUBILEE CONVENTION
OF B. Y. P. U. UNION.**

(Associated Press Telegram)
Chicago, July 6.—Regular and special trains during the night brought hundreds of delegates to Chicago to attend the silver jubilee convention of the Baptist Young People's Union of America which opened here today. It was stated that approximately ten thousand young people from all sections of the United States would be present at the sessions which will close Sunday with three great mass meetings at the Coliseum.

"Denominational loyalty," will be the keynote of the convention, with "reaching forth" as the slogan, according to Dr. James A. White, national secretary.

**INDIANA TROOPS
ENTRAIN TODAY.**

(Associated Press Telegram)
Fort Benjamin Harrison, Ind., July 6.—The entraining of the Indiana troops for the Mexican border began today when the artillery battalion, composed of a battery of Indianapolis, battery B, Purdue University and C battery of Lafayette prepared to move immediately. It is expected that all the troops will have left here by Sunday or Monday.

TO MOBILIZE AT KANAWHA CITY

(Associated Press Telegram)
Charleston, W. Va., July 6.—The war department has just given its approval of Kanawha City as a mobilization point. When the President called out the guardsmen, Terra Alta was designated as the point where the troops should assemble, but Governor H. D. Hatfield sent the first and second regiments of infantry to Kanawha City. The two regiments are awaiting large shipments of supplies sent to Terra Alta which are being reshipped to Kanawha City.

BRITISH GUNS AND LEADERS THAT FIGURE IN HUGE OFFENSIVE

British guns on western front. General Sir J. Wolfe Murray (left) and General Sir Douglas Haig.

During the past week the British on the western front have shown that they as well as the Germans have fighting qualities. Important gains have been made, and the end is apparently not yet. The British armies are under the command of Sir Douglas Haig, and one of his ablest generals is General Sir Wolf Murray, K. C. B., R. A. The opening of the war found the British with inferior guns. This inferiority has slowly been overcome, and the British artillery is now reported to be equal to that of their foes.

**Differences Between United States
and De Facto Government of Mexico
May Be Settled by Direct Negotiations**

(Associated Press Telegram)
Washington, July 6.—Formal acceptance of General Carranza's proposal that differences between the United States and the de facto government of Mexico be settled by direct negotiation will be dispatched soon to Mexico City. This was decided by President Wilson today at a conference with Secretary Lansing.

The Mexican note delivered yesterday said the de facto government had accepted in principle the Latin-American officers of mediation, but was awaiting information as to whether the United States believed the desired results could be accomplished by direct exchanges between the two governments. Secretary Lansing will leave tomorrow for a month's vacation. It was not stated

today whether he would prepare the reply to Mexico before his departure but indications are that it will go forward within a day or two. Informal conversations with Eliseo Arredondo, Mexican ambassador designate, which it is hoped will develop a solution of the difficulties along the Mexican border, will be conducted by Counselor Polk, acting as secretary.

While General Carranza's amicable rejoinder to the last two American notes has greatly eased tension no official was willing today to predict the final outcome of the negotiations which are foreshadowed. It was made plain, however, that no change in policy was now contemplated by the Washington government and that immediate withdrawal of General Pershing's expeditionary force from Mexico will

not be an acceptable basis for whatever plan of co-operative action along the border is worked out.

Washington officials take the position that only the preliminary step had been taken by General Carranza toward the friendly adjustment he now appears to desire.

The efficiency of Mexican police measures may be put soon to a severe test, according to rumors transmitted from the border today to the state department. These state that Francisco Villa has recovered from his wounds and is personally leading a force northward from the region just south of Parral. No official authority is given for the report.

Between the points where Villa is said to be operating, and advanced camps of General Pershing's forces are considerable forces of Carranza troops.

PEACE

**MAY SOON BE RESTORED IN THE
REPUBLIC OF SANTO
DOMINGO.****New Government May Be Established
With American Supervision of
Affairs.**

(Associated Press Telegram)
Washington, July 6.—Peace may be soon restored in Santo Domingo. This appeared to be a strong possibility today as a result of the action of Dominican revolutionists in agreeing to lay down their arms, pending further negotiations looking to the establishment of a new government with American supervision over the republic's affairs. The agreement was announced in a dispatch received late yesterday from Rear Admiral Caperton, in command of the American forces in Santo Domingo. It was reached at a conference in which the various factions were represented.

**DEBATE BEGINS
ON THE GENERAL
REVENUE BILL.**

(Associated Press Telegram)
Washington, July 6.—Debate on the administration general revenue bill began today in the house under agreement to reach a final vote Monday. The measure, reported favorably yesterday by the ways and means committee, provides a method of raising \$200,000,000 revenue on inheritances and war munitions profits and by increasing the sur-tax on income. Large appropriations for navy, army and fortification are important factors in making these provisions in the bill.

REFUGEES REPORTED SAFE.

(Associated Press Telegram)
New York, July 6.—A wireless dispatch from the United States transport summer, which left Vera Cruz on July 2 with a large number of refugees from Mexico, reports that the vessels weathered the hurricane along the gulf without damage and expected to reach Tampa some time today.

EARTHQUAKE

**IN SICILY CAUSES THE LOSS OF
300 LIVES ACCORDING TO
ROME TELEGRAM.****Victims In Sulphur Mines Which
Caved In When Shock Came—
Other Shocks Reported.**

(Associated Press Telegram)
London, July 6, 2:25 p. m.—A violent earthquake at Caltanissetta, Sicily, causing the deaths of nearly 300 persons, is reported in an exchange telegram dispatch from Rome. It is said the victims were in three sulphur mines which the earthquake caused to cave in.

There have been several reports recently of scientific disturbances in Italy. The volcano of Stromboli on an island off the North coast of Sicily, has been in eruption for several days, causing the inhabitants of adjoining districts to flee on relief ships sent from Messina.

Earth shocks occurred at Ancona, Rimini, Belvedere, Marettimo and in other Adriatic districts, but heretofore no loss of life has been reported.

There have been a number of disastrous earthquakes in Italy the last serious one having occurred in 1908. Most of the coast towns on both sides of the straits of Messina were wholly or partially destroyed with a loss of life estimated at 75,000.

Caltanissetta, capital of the Sicilian province of that name, is a city of more than 30,000 inhabitants.

**WILL CARE FOR
THE FAMILIES
OF SOLDIERS.**

(Associated Press Telegram)
Pittsburgh, July 6.—Dependent relatives of all Pittsburgh national guardsmen who have gone to the border will be provided for by the Pittsburgh Citizens Soldiers Relief committee which held its first meeting last night.

Several wealthy men have agreed to contribute substantial amounts for this work. Mayor Joseph G. Armstrong is chairman of the committee.

PICTURES

**Were Represented as Work of Old
Masters and Lehmann and Wife
on Trial for Forgery.**

(Associated Press Telegram)
Munich, Germany, July 5, 1:30 P. M., via London, July 6, 5:45 A. M.—Ludwig W. Lehmann, and his wife accused of painting and selling more than 200 pictures representing them as the works of Von Len Bach, Menzel and other noted German masters, were placed on trial here today. The alleged crime, the Luthorites say, has been in progress for a number of years. Both defendants fled to Switzerland in October last year, when alleged forgeries were discovered, but were extradited in November.

**MAIL SEIZED
BY BRITISH
AUTHORITIES.**

(Associated Press Telegram)
New York, July 6.—The Holland American steamer Nieuw Amsterdam with 534 passengers aboard reached here today from Rotterdam, Kirkwall and Falmouth. At Kirkwall, the captain the British authorities seized 369 sacks of mail leaving on the vessel only one sack for the Dutch embassy at Washington, one for Montreal and a package of parcel post for an express company in New York City. Among the passengers were four doctors and eight nurses, members of the Chicago unit who are returning from the front in France.

TOWN WIPED OUT BY FIRE.

Vancouver, B. C., July 6.—The town of Ashcroft, 250 miles east of Vancouver, in the Thompson river valley, was virtually wiped out last night by fire, according to meagre information reaching this city. The exception of the Canadian Pacific railway station and freight sheds it was reported that little escaped the flames.

Ashcroft is the rail base of the old cariboo trail which for more than fifty years has been the sole means of communication with the northern gold fields.

MUSTERING

**Officers Declare Prescribed
Army Standards Will
Be Maintained****IN EXAMINATION OF
GUARDSMEN****Mobilized at Camp Willis
Near Columbus****THREE WEEKS REQUIRED****Before Federalization of the
Ohio Militiamen Will Be
Completed and Until This
is Done No Clothing Or
Equipment Can Be Issued
Camp Short Many Much
Needed Supplies.**

(Associated Press Telegram)

Camp Willis, Columbus, July 6.—Federal mustering officers today declared that prescribed army standards will be maintained just as strictly in the examination of Ohio National Guard officers as is being done in the examination of enlisted men preparatory to mustering them into federal service.

"I believe, however, the state has been more careful in the selection of its guard officers than some of the officers have been in selecting their men," said one regular army officer.

If as many officers, proportionately, as there have been enlisted men are rejected the guard would be in a sad state of disorganization, an Ohio National Guard officer declared. In some units, as high as 20 per cent of the men have been refused admittance to the federal service.

Though assurances that Co. B of the Eighth regiment of Akron, will have its disqualifications removed have been received from Washington, at noon today officers had received no official notification to that effect and accordingly the completion of mustering the regiment is being further delayed.

At the date the work of mustering the troops is proceeding now, federal officers say it will be three weeks before the federalization of the Ohio guardsmen will be completed.

Until this formality is completed, no clothing or equipment can be issued to the men. Officers are wondering just how this situation may be met as many of the new recruits came to camp with no extra underwear or hose. The matter may assume a serious aspect before mustering is finished, officers declared today.

Men are wanting in other supplies as became evident today. In walking through camp civilians were asked by many troopers "got a cigaret, pard?" The boys generally are hoping pay day will come soon.

M. D. Mitchell and Alex Barthan, both of Akron, carpenters employed by a private contractor at Camp Willis, were seriously injured this morning when a mess hall they were constructing for company L of the eighth regiment collapsed. Mitchell suffered severe cuts about the head and Barthan's right leg was broken. The mess hall was 90 feet long.

(Associated Press Telegram)
Camp Willis, Columbus, O., July 6.—Federal officers continued today the task of converting the Ohio national guard into the United States (Continued on Page 2, Col. 5.)

**LUMBER CONCERNS
COMPLAIN AGAINST
THE FREIGHT RATE.**

(Associated Press Telegram)
Washington, July 6.—Lumber mills in Virginia and West Virginia are now complaining against the rates on lumber out of Virginia and West Virginia. They claimed that a higher rate was maintained on soft wood from that territory than on hard wood to the same points of consumption and that this was discriminatory against them.

**Prohibitionists Invite
Progressives to Fall
in Line With Party**

Columbus, July 6. Declaring that the use of intoxicating liquor as a beverage is an economic waste and a great political and moral wrong, the prohibition party, at the closing session of the convention here today adopted its platform in which prohibition, woman suffrage, civil service, public schools, strict observance of the American Sabbath, tariff adjustment, primary and election law reform, courts of arbitration and the campaign against double taxation, were endorsed.

The platform charged that while the Democratic and Republican parties advocated peace, they at the same time advocated offensive military preparedness which invited conflict and incited militaristic tendencies which were sure to result in conflict.

RUSHING

**The Construction Work in
Field Headquarters Camp
in Mexico****PREPARE FOR RAINY
SEASON****Would Minimize Delay In
Transportation****ERECT MANY BUILDINGS****In Which Horses Can Be
Stabled and Cattle Held
for Commissary Department—Splendid Equip-
ment of American Soldiers
Now Housed On Mexican
Soil—Dust Everywhere.**

(Associated Press Telegram)

Columbus, N. M., July 6.—General J. J. Pershing, commanding the American expedition in Mexico, has issued orders that every effort be made to expedite the construction of the new wagon road between Columbus and the field base at Colonia Dublan, according to reports from the field today. That delays in transportation over the American lines of communication may be at a minimum during the rainy season, he has ordered that extra laborers be put to work and additional machinery employed.

Reports from the field also indicated that much construction work is under way in field headquarters camp. Numbers of buildings are being erected to house food and forage, which has been piled in the open. In the rainy season, and corrals are under construction, in which the horses can be stabled, and the cattle, purchased for food purposes, held.

**Headquarters of
U. S. Soldiers at
Colonia Dublan**

(Associated Press Telegram)

Field Headquarters, Colonia Dublan, Chihuahua, June 29, via Army motor truck to Columbus, N. M., July 6.—Complete, prepared and unostentatious is the American field headquarters camp in Mexico. A walk through it showed no trace of hurry, few curt commands, or military commands, sometimes associated with army readiness for action. Instead there was ease about men and animals, sprawling around camp with the comfort of health, each man knowing his duties so well that half an hour's warning would be sufficient to empty the great camp and change it into an army on the march. Long rows of shelter tents marked the camp of a cavalry command, just in from a 200-mile march. The tents stood in a three-inch dust, their tops only the height of a small child's head above the ground, their interiors, ovens, ovens, because of the slight space between the hot sun above and the equally hot earth below. In them, tired men were sleeping. Hard brown skinned men were prepared for any strain.

Beyond loomed refreshing bowers of green boughs, interiors darkened and cool, where kitchens showed food prepared in cleanliness, a part of the contribution of preparedness for keeping the fighting men in trim. In the heart of the camp, rows of huge grey motor trucks were parked in geometrical design. About them, men crouched in the shade of big bodies, their olive drab clothing stained beyond washing, with road dust. On the steering wheels hung brilliant red, green and blue handkerchiefs, just washed and drying. These were the headgear of the motor truck drivers who have said they cannot hope to protect more than their head and their mouth from the dust clouds.

In the camp streets a few jagged lines were scattered in semi-disorder. They were temporary washing utensils, saved from what is usually junk. At the front of every soldier's tent, lay an ordinary array of ammunition bullets, pistols, and fighting paraphernalia. But they were not (Continued on Page 2, Col. 3.)

Men of Newark

MY BUT YOU CAN BUY AN AMOUNT OF ARTICLES FOR A DOLLAR IN A 5 AND 10 CENT STORE

SARACINELLO STUDIOS

WHEN THE S. S. KRESGE COMPANY DECIDED TO INVADe THE city of Newark and install an up-to-the-minute 5 and 10 cent store, it began a search for a manager—one who would not only measure up to their standard of efficiency—but who could qualify as a "live wire." The company's attention was attracted to the work of an assistant manager of the Dayton store, who had since entering the employ of the Kresge company, been connected with the Zanesville, Huntington and Dayton stores. Thomas K. Kirkpatrick, assistant of the Dayton store was called into headquarters and a short time later was sent to this city to become manager of the Kresge store. Since coming to Newark Mr. Kirkpatrick has not only measured up to the company's expectations, but has surpassed it by the splendid management of the store. The first move he made in raising the efficiency of the service in the store was to raise the sales wages from \$3.50 a week to a minimum wage of \$6 per week. Born in Brown county, Mr. Kirkpatrick received his schooling in the Georgetown school, graduating from the high school of that place. For two years after leaving school, he taught school in Georgetown. Then he accepted a position with the International Harvester company in Chicago, where he remained for two years and then resigned and entered the employ of the Kresge company. Fraternally he is a member of Newark lodge, F. & A. M.

MARINE KILLED IN FIGHT WITH REVOLUTIONISTS

Washington, July 2.—Another engagement between 250 revolutionists in Santo Domingo and American marines in which 27 Dominicans were killed and five captured and one marine killed and eight wounded was reported to the navy department today by Rear Admiral Caperton. The fight occurred July 1, before the tentative agreement was made for the disarmament of the rebels.

The American killed was Corporal George Frayce. Only one of the wounded marines was injured seriously.

The revolutionists were routed. Admiral Caperton reported carrying off a number of wounded during their retreat. The engagement which evidently immediately preceded the peace negotiations informed the department the revolutionists had agreed to disarm, occurred in the interior at Guayacanes. The revolutionists were strongly entrenched and concealed in a position which prevented advance artillery fire. The enemy outpost opened the firing, Admiral Caperton stated.

The fight reported today was the fourth between United States marines and revolutionists in about a week. Officials believe that the complete route of the revolutionists in the last encounter influenced their leaders to agree to disarmament.

Bed Bugs

To kill Bed Bugs, Roaches, Fleas and ants, use Pecky Devil Quinine. 2.50. A 50c package makes one quart. This kills 'em and their eggs as well. Bug Spout in every package to get them in the hard-to-get-at places. P. D. C. will not injure bedding. Kills Fleas on dogs. At drug stores.

RULING BY THE STATE ON WOMEN'S WORKING HOURS

[ASSOCIATED PRESS TELEGRAM] Columbus, July 2.—Attorney General E. C. Turner ruled today that the law limiting the working hours of women to 34 hours a week and to 10 hours for any day, does not apply to females employed in mercantile establishments in villages, but does apply to all other occupations enumerated in the law for all women over 21 years of age, no matter where the place of business is located. The opinion was given to the state industrial commission.

In another opinion the attorney general held that deputy clerks of board of education need not resign upon becoming candidates for public office, but that the chief clerk and the board members must.

HENRY FORD TO ASSIST IN THE PEACE JUBILEE

[ASSOCIATED PRESS TELEGRAM] Copenhagen, Denmark, July 2.—The Aalborg Nordjylland says that in the first year after the ending of the war a great international peace celebration is to be held in the Rachild Hills near Aalborg. The initiative in this movement is said by this newspaper to have been taken by Dr. Max Hensu of Chicago, president of the association of Danish-Americans. Representative persons of all countries are to be invited.

According to this account Dr. Hensu is to receive financial assistance from Henry Ford, who is to pay the expenses of the 2,000 Americans whom he will invite to attend the celebration.

BRIEFS WILL BE SUBMITTED BY ATTORNEYS

IN THE CASE AGAINST CITY, BROUGHT BY DISMISSED PATROLMEN.

Judge Parker Will Decide Matter—News of the Licking County Courts.

In common pleas court on Thursday the court heard the evidence in the case of the State of Ohio, ex rel. Martin L. Shively, and James R. Roster vs. Cecil A. Bigbee, safety director, et al.

The suits are brought to require the re-instatement of the plaintiffs as patrolmen of the city of Newark, and to test the constitutionality of the ordinance reducing the number of patrolmen in the city.

Counsel agreed to submit their arguments to the court in the form of written briefs. This will be done during the following week, after which the court will decide the cases. Judge Park B. Blair of Mt. Vernon is hearing the cases.

Board Appeals Decision.

The Licking County Board of Education today filed a petition in error in the Licking County Court of Appeals in the case of the Thorn township, Perry county, Board of Education. The latter board was granted a judgment against the Licking County Board several weeks ago in the court of common pleas for tuition fees for children living in Licking township who attended school in Thorn township.

O. E. R. Files Appeal.

The Ohio Electric Railway company, through its attorneys, filed a petition in error today in the Licking county court of appeals on the decision rendered against them a month ago in the court of common pleas, awarding judgment to Charles N. Moore, administrator for the estate of the late P. S. Smith for \$1,500. The suit was brought against the railway company to recover damages for the death of Mr. Smith, who was killed by an interurban car about one year ago.

Will Probated.

The will of the late John Tucker has been admitted to probate and Oliver M. Tucker appointed executor under the will. The bond was \$4,000.

Marriage Licenses.

Ernest C. Hinton, telegrapher, Newark; Miss Anna M. Taylor Newark. Rev. L. C. Sparks named to officiate.

Statistics Conveyance Report.

The conveyance statistics report for the month of June in Licking county, has been received from the state office by the County Recorder, which is as follows: Deeds recorded, 1744; total amount, \$1,146,288.52; leases recorded, 287; total amount, \$159,660.24; mortgages (other than railroad mortgages) recorded, 1630; total amount, \$2,726,755.90; cancellation of mortgage (other than railroad mortgages) 1245; total amount, \$1,610,263.00.

Justice Scott's Court.

Wednesday was dismissal day in Justice Fletcher S. Scott's court, three cases set for the afternoon being dismissed.

The case of the state of Ohio vs. Yoama Bocian, same being Thomas Bocian, arrested on an affidavit by Max Rltvics, charging slander, was compromised and the case dismissed.

The case of the State of Ohio vs. Adrian Angeletta, charged with assault and battery was dismissed.

In the case of the State of Ohio vs. Carnea Angeletta, charging slander on an affidavit by Virginia Angeletta, also was dismissed.

Divorce Granted.

A decree of divorce was granted Mrs. Martha Miller, plaintiff, in the divorce action against Hugh Miller, in Probate court, this morning. The divorce was granted on the grounds alleged in the petition of the plaintiff.

Marriage Licenses.

Harold W. Sullivan, fireman, O. L. & P. Co., Newark; Miss Vera V. Gamble, medicine packer, Newark.

Real Estate Transfers.

Lorenza C. O'Hara to Gertrude H. Richards, lot No. 36 in city, \$1, etc. Harry O. Pratt and wife to Earl E. Woods and wife, parcels of lot No. 58 in Johnstown, \$500.

The Mechanic Building & Loan Co., Mansfield, to Ira W. Stewart, lot No. 2434 in White's addition, \$1, etc.

The Jefferson Land Co. to George H. Long, parcels of land in Licking county, \$1, etc.

William C. Wells and wife to J. H. Newton, parcels of land in Wells & Miller's Park addition, \$1,000.

RUSHING

(Continued from page 1)

conspicuous because each pile lay in almost the same position among the tent trappings. The machine guns might be passed without attracting attention as they were covered with dust.

Ordinary lines mark the camp of the pack and wagon trains. Picket line after picket line of trained and toughened mules was there, each the length of about one city block. The drivers were giving the animals the most careful attention, for they realized that frequently upon the training and muscle of such mules may depend the lives of soldiers in campaigns, especially as here in Mexico, where supplies have been outrun by the fighting columns.

VILLA FORCES STILL ACTIVE NEAR PARRAL

El Paso, Texas, July 6.—Villa forces pursuing their victory over

CARRANZA'S GENERAL IN MEXICAN CAPITAL

General Benjamin G. Hill.

General Benjamin G. Hill has had quite a rapid rise in the army of the de facto government of Mexico. General Carranza has appointed him commander of the federal district of Mexico City, an important post near the First Chief.

Carranza at Corral ranch on July 1, have attacked Jiminez according to reports reaching military men here today. Military authorities in Juarez were unable to confirm or deny the reports, asserting that telegraph lines had been cut. Reports from Chihuahua City following the engagement at Corral and that the broker Carranza command had retreated to Jiminez which is 120 miles south Chihuahua City, and has been reinforced there by 2,000 men under General Dominguez Arieta. The Villa forces are said to number 3,000.

Another report brought here today by an American who has extensive interests in Southern Chihuahua was that Villa recently sent a communication to Canuto Reyes his former lieutenant who was recently granted amnesty by the de facto government asking him to reconsider his decision. This message Reyes turned over to General Jacinto Trevino, Carranza commander of the army of the north. It was said. The American asserted he had definite information that Villa at the time he sent for Reyes was at San Juan Bautista, about thirty miles south of Parral and had with him one thousand men.

M. T. HERRICK TO BE HERE NEXT MONDAY

Former Governor Myron T. Herrick, Republican candidate for United States Senator from Ohio, will be in Newark Monday evening, July 10th.

Mr. Herrick will be given a reception at the Hotel Warden at 7 o'clock and will afterwards speak on the subject of Preparedness from the balcony of the hotel at 8 o'clock. The public is invited. Before and after the address the Buckeye Band will give a band concert in front of the Warden Hotel.

NEWARK YOUTH WAS A VICTIM OF THE JOKERS

[ASSOCIATED PRESS TELEGRAM]

Camp Willis, Columbus, July 6.—"Drilling sure does run up your mileage," declared a new recruit from a Dayton company after an all-morning drill today. He displayed a speedometer which he said he had put in his pocket yesterday morning. The device registered 28 miles.

Among the drunks which furnish the true army camp color to life at Camp Willis was the "mustering" of a fellow who gave Claude Andrews as his name and Newark as his home.

He presented himself for enlistment. Some boys of company B, of Akron, said they could "muster" him in all right. First they administered a shower bath, using ice cold water, then "arming" him with a shovel they put him to work on the parade grounds "digging trenches" explaining it was a splendid "setting up" exercise.

About 9 o'clock in the evening, a man on guard duty who was not "in" on the stunt found the would-be recruit still digging trenches. The victim of the jokers was taken to headquarters and told to apply today for enlistment. Up to the noon hour today he had not returned.

Part Often Overlooked.

"It is all right to put yourself on the back occasionally," said the dispenser of sage advice.

"Yes," said the payer up. "But don't forget to call yourself down when you need it, my boy."—Pittsburgh Post.

Wigg—"I wonder why Guzzler doesn't take a brace." Wagg—"I rather suspect it's because he takes too many braces."

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

Check it up!

TAKE down your speedometer reading every time you fill your tank with

RED CROWN GASOLINE

You'll find your motor turning off more miles to the dollar, and developing more power in the bargain. And the car will spin along smoothly, too—without grating friction noises or misdirected power if you use

POLARINE The Standard Oil For All Motors

to keep the motor humming harmonies.

OPINION

OF STATE SUPREME COURT OF WASHINGTON PLACES OFFICIALS IN QUANDRY.

Rules on State Wide Prohibition Law Regarding Amount of Liquor a Person May Possess.

[ASSOCIATED PRESS TELEGRAM]

Seattle, Wash., July 6.—City and county officials here are in somewhat of a quandry today as to the event of their authority under the state wide prohibition law in view of a state supreme court decision yesterday which held that it is not illegal for a person to possess for personal use any amount of liquor, providing it was obtained in a legal manner.

The court's ruling ordered the dismissal of charges against W. E. Roening accused of having more than the legal amount of liquor in his possession and orders the return to him of several thousand dollars worth of liquors seized at Mr. Roening's home last week. The decision held that the provision of the prohibition law limiting the amount of liquor in a person's possession to two quarts of whiskey and twelve quarts of beer, applied to only cases where the liquor was kept for the purpose of sale.

A dissenting opinion held that the decision virtually annulled the prohibition law and would make it impossible to secure convictions of persons keeping liquor with illegal intent.

MUSTERING

(Continued from Page 1.)

national guard. The federalizing process consists of a medical examination of each state militiaman by a United States officer following by subscription to the federal oath, which is also administered by an officer of the regular army. Although this was the fifth day that the federal officers have spent at this work when they started today they had not yet received one entire regiment into the service of the United States. It was expected, however, that mustering in of company B, of the eighth regiment would be completed soon and with this unit the entire eighth would be a part of the U. S. N. G. Company B is an Akron organization. On account of failure to comply with government standards it was disqualified last winter. It was understood among militia officers early today that company B would be returned to good standing by the war department.

Many companies today found their ranks greatly depleted as the result of strict physical tests given by the officers. Some companies had lost valuable commissioned officers.

To fill the places of those rejected another recruiting campaign will probably be carried out.

Excused.

Two ladies, each with her child, visited the Chicago Art museum. As they passed the "Winged Victory" the little boy exclaimed: "Ihuh! She ain't got no head." "Sh!" the horrified little girl replied. "That's art—she don't need none!"—Harper's Magazine.

Remembered Him.

Uncle George—Come here, Willie. Don't you know who I am? Willie—You bet I do! You are ma's brother, who stayed here two months one time and never offered to pay a cent for board. Oh, yes! I've heard pa speak of you often.—Indianapolis News.

Ohio Has Two Somersets, Newark Musicians Find, After Long Auto Trip

DISCOVERED — THAT THE state of Ohio is the possessor of two towns named Somerset—that is according to Oscar Lampton, Miss Ruth Nangle and Harry Rosebraugh, well known local musicians, who motored to Shawnee, Tuesday evening to play for a dance.

The trip to the "coal city" among the hills was made in a large touring car driven by a local chauffeur and with the exception of detouring once over several coal mines to avoid a stretch of road undergoing repairs, the Newark party arrived at their destination safely.

The dance over, the trio of musicians and driver of the car lunched and then decided upon the best road over which to make the return trip. A few miles out of Shawnee "Miss Fortune" overtook the party, when Harry Rosebraugh, acting as official pathfinder, "ran-out" of telephone poles along the road. For several miles he concealed the fact that he was lost, hoping to again get on the right road without any of the party becoming the wiser.

But the further the machine journeyed into the darkness, the wilder became the vicinity in which Rosebraugh found himself. Then a haunting fear that they might never find the right road, took possession of Rosebraugh and he confided the loss of his telephone markers to his companions.

Suggestions were numerous as the machine was turned and the return trip over the road, in search of telephone poles, begun. But Mr. Rosebraugh assured his two musical accomplices that he was capable of handling the road-finding proposition.

It was while enroute back that a man walking in the road was asked if he knew where Somerset was. He did. And being of a kindly disposition volunteered to show the party the right road, as it was on his way home. Four miles further the man told the pathfinder to go straight ahead and bid the party "good-night." Inquiries three miles further on the "straight ahead" road revealed to Rosebraugh that the kindly man had simply used the machine to assist him home and that the road was not the right one.

By this time Rosebraugh's violin was in danger of being annihilated by a piano and one trap drum player. The party continued to drive around through the country and after one hour's searching succeeded in finding Somerset. Little bug boys swarmed over the machine and "I told you so" was in order.

Leaving Somerset, the party headed straight for the Capital of Licking county at 50-miles per hour speed. Two hours later lights were seen in the distance by the official pathfinder and everybody was happy. Slowing down so as not to violate

the city speed ordinance, the machine entered the cluster of lights and found—Somerset.

This came almost breaking up the party. Rosebraugh suggested wiring to Newark to have a friend go and get the distraught musicians and pilot them to town. A house in Somerset was stormed for several minutes and a head protruding from an upstairs window furnished the directions to Newark and again the trip was resumed.

When the houses of Newark were discerned in the distance early Wednesday morning, the automobile party worn out by their night's "road hunting" trip, feared to entertain any hope that the town was not Somerset again, until the machine crossed the German street bridge.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervo wrecks," "rundowns," "brain fags" and pessimists who should see a virile, optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

A "Womanly" Way To Remove Hair El-Rado Sanitary Liquid

Washes the hair off by dissolving it. Entirely harmless. Hairfree underarms delightfully cool and clean; it enables you to wear chiffon sleeves without any dress shields. Money back guaranteed. At all toilet counters. 50c and \$1.00. If you prefer, we will fill your order by mail if you write enclosing stamps or coin. PILGRIM MFG. CO., 88 E. 28th St., N. Y.

“ROLL YOUR OWN” FOR CIGARETTE SATISFACTION!

With a Book of “Papers” and “Bull”
Durham You Can Easily Make a
Cigarette That Will Give
You Greatest Enjoyment

To obtain a cigarette that exactly suits your personal taste is an easy matter—simply get a sack of “Bull” Durham and “roll your own.”

The far greater enjoyment and satisfaction you get from such a cigarette is surprising.

“Bull” Durham is pre-eminently the cigarette tobacco—the choicest Virginia-Carolina leaf grown.

By using “Bull” Durham and rolling his own the smoker not only has the advantage of the delicious mellow-sweetness and perfect mildness that this famous tobacco gives him, but he can also roll his cigarette to his personal liking, and he has a much fresher and more fragrant smoke.

In no other way can a cigarette with so much individuality be obtained than by “rolling your own” with “Bull” Durham.

Try it yourself and see. It's easy to acquire the knack of rolling a “Bull” Durham cigarette—a little practice will do it.

Get a 5-cent sack today, and be sure to ask for the free book of “papers” that goes with it.

DEAD TROOPERS BROUGHT BACK FROM MEXICO

(Associated Press Telegram)

El Paso, Texas, July 3.—The bodies of Captain Charles T. Boyd, Lieutenant Henry Adair and seven troopers of the tenth cavalry killed at Carrizal were brought to El Paso early today. Only the bodies of the two officers and Private Dewitt Rucker have been identified.

Eight of the Americans were exhumed from a single grave, the undertakers said. The dead had been gathered from the field of battle and cast into a ditch which was then filled up. The bodies of Captain Boyd, Lieut. Adair and six troopers, stripped of their uniforms, were mixed indiscriminately in the dirt.

The body of the ninth trooper was located two miles distant from the others. He had been wounded and apparently had dragged himself away to die in the gravel waste beyond the town.

Scenes in sharp contrast to those of a week ago, when the Carrizal prisoners were brought from Chihuahua City and turned over to General George Bell, Jr., marked the return of the American dead. In Juarez the event was scarcely noticed, while in El Paso only a few hundred persons, quiet and subdued, greeted the cheering throng that replaced the 23 troopers of the Tenth.

(Associated Press Telegram)

El Paso, July 3.—Bearing the bodies of nine American soldiers who fell at Carrizal, a train stood on a siding today near the Mexican Central station in Juarez. Late today the train will cross the Rio Grande and bring back home the bodies of the men who died for their country.

At daylight a throng of people had gathered at the railway bridge on the American side to do homage to the memory of the seven troopers and their two officers, Captain Charles L. Boyd and Lieut. Henry T. Adair.

Backed up to the American station were nine motor ambulances, in one of which lay nine American flags. In each of these, General George Bell, Jr., commanding the El Paso military district, announced a flag-covered coffin is to be borne through the streets of El Paso. Six pallbearers have been chosen to accompany each casket, enlisted men for the troopers and officers for the leaders. General Bell ordered the Eighth cavalry regiment to meet the train on the American side, one squadron as an escort and the remainder as mourners. After the funeral service, the bodies will be taken to local undertakers rooms to await disposition by relatives.

C. C. GRIMM HAS RETURNED TO WORK; WHITEMAN LEAVES

H. B. Voorhees Appointed General Superintendent of Northwestern District—Railroad Notes.

Clifton C. Grimm, former well known yard master of the Newark yard of the B. & O. railroad, who several months ago secured a leave of absence, returned to work this morning, assuming his old duties of general yardmaster of the local yards. F. O. Whiteman, who succeeded Mr. Grimm July 1, February, has been promoted to terminal train master at Benwood Junction, W. Va.

The official confirmation of Mr. Grimm's return and Mr. Whiteman's promotion has not been made by the B. & O. officials, but Mr. Grimm nevertheless was on the job today and his predecessor has left for Benwood Junction.

H. B. Voorhees Appointed.

H. B. Voorhees, formerly a superintendent of the C. & D. railroad company, effective July 1, became general superintendent of the Northwestern district of the B. & O. railroad company with headquarters at Cincinnati. The northwest division over which Mr. Voorhees will have charge is composed of the Newark division and the Chicago division. The appointment was made by C. W. Galloway. Mr. Voorhees passed through Newark this morning, enroute from Sandusky to Wheeling.

Clever Reasoning.

Rather an original lesson in political economy was that once taught by the Japanese nobleman Awoto and thus translated by Sir Edwin Arnold in “Seas and Lands.”

One evening as he was going to the palace to take his turn in keeping the night watch he let 10 cash drop out of his tinder case into the stream and then bought 50 cash worth of torches to search for the lost coin. His friends laughed at him for spending so much in order to recover so little, and he replied, with a frown:

“Sir, you are foolish and ignorant of economics. Had I not sought for these 10 cash they would have been lost forever—sunk in the bottom of the Namer-gawa. The 50 cash which I have expended on torches will remain in the hands of the tradesman. Whether he has them or I is no matter, but not a single one of the sixty has been lost, and that is a clear gain to the country.”

The pessimist is a man who regards the pursuit of happiness as a punitive expedition.

AN IMPROVISED WELL BUILT BY AMERICAN TROOPS BELOW BORDER

Improvised well near U. S. field headquarters in Mexico.

The American soldier is versatile. There is no obstacle too big for him to overcome. Because of his ability to get himself out of almost any predicament he is having a fairly good time in Mexico. He refuses to drink water from holes and streams, and has dug wells in the desert which supply a superior quality of water.

CLAIM WOMEN SOLD LIQUOR IN A RESORT

One Pleaded Guilty and Draws \$200 Fine, Suspended If She Leaves City—Police Court.

Lizzie Follard and May Jones, both charged with selling intoxicating liquor without a license, were arrested Wednesday night when the resort of the former in 23 Canal street was raided by state officers. Additionally, Lizzie Follard is charged with being the keeper of the place. In police court Thursday morning May Jones entered a plea of guilty, and was fined \$200 and costs with the fine suspended on condition that the costs be paid and that she leave the city by 1 o'clock Thursday afternoon.

The Follard woman pleaded not guilty, and her hearing is set for 2 o'clock Monday afternoon. Her bond was fixed at \$3000 which was not furnished Thursday morning. The arresting officer was State Inspector F. B. Evans.

The case of A. L. Desch, proprietor of a drug store in 405 West Main street, charged in the affidavit of State Inspector F. B. Evans with selling liquor without a license, was also set for Monday afternoon.

A foreigner, charged with stealing three rolls of tar roofing from Contractors Daniel Coffman and S. J. White, was fined \$5 and costs, and sentenced to the county jail until his fine should be paid or his time expire.

Michael J. Sullivan, charged with being drunk, pleaded guilty, and was fined \$5 and costs. Sullivan will be confined in the city prison until his fine is paid, and his diet be bread and water.

The case of the State of Ohio against Henry Mauger, charged with assault, was dismissed.

Four plain drunks were fined \$5 and costs.

Readers' Viewpoint

Editor of the Advocate:

In the New York World of last Sunday there appeared an interview with Mr. William R. Wilcox, Mr. Hughes' campaign manager, published with the express approval of Mr. Hughes himself, in which we find this most remarkable paragraph:

“And for the present prosperity every one knows that this country was fast approaching a great economic crisis caused by the inadequate and unscientific Democratic tariff, when the war broke out, and that what prosperity we now enjoy is due to and dependent solely on the duration of the war. It is merely temporary.”

While I must concede that Mr. Wilcox means what he says, I dare assert that everyone does not know that there was an impending economic crisis in this country when the European war broke out. On the contrary there was a federal reserve banking act whose operation was giving us complete security from such a crisis, and when Mr. Hughes asserts that we were facing this danger, he is merely soaring—perhaps creeping would be a better term than soaring—in the regions of speculation.

Mr. Hughes well knows—or would know if his eyes were open to the facts of the case—that whatever financial depression we suffered for a year or two before the war was

mainly due not to the Underwood tariff act but to the prophecies of hard times that were indulged in by nearly all Republican politicians and newspapers from the day Mr. Wilson was elected president of the United States. Will Mr. Wilcox and Mr. Hughes claim that these persistent and wide spread prophecies of evil had no effect whatever on our commercial prosperity? And do they consider it consistent with their protestations of “undiluted Americanism” to make these evil prophecies their chief stock in trade during this campaign. Heaven save us from such “Americanism.”

According to Mr. Wilcox, approved by Mr. Hughes, our agricultural products, our mineral resources, our railroads and steamers, our Yankee intelligence and ingenuity, our educational systems, in short, our American “culture” constitutes no basis of prosperity, unless, forsooth, the big interests are permitted to write our tariff laws and so tax the people to their hearts' content. From such “Americanism” as this, good Lord deliver us.

Ah, Mr. Wilcox, to think you can elect Mr. Hughes with any such guffawing. We, the people of the United States, know better. Nobody claims that Mr. Wilson is superior to all unfavorable criticism, or that he possesses infallible reason and judgment; but we know how without bluff or bluster or braggadocio he has maintained our neutrality between the warring nations of Europe, and how earnestly he is now striving without a sacrifice of duty or honor to avoid a war with Mexico. Think not then, I pray you, that we will be induced to vote for a change of administration by a ding-dong and “back-from-the-tomb” doleful-sound” campaign on your part. Do not imagine that we can be thus be gulled and gumfuzzled.

Moreover, we have the high authority of Abraham Lincoln for believing that “it is never good policy to swap horses while crossing a stream of water!” M. R. Scott.

Abe Martin

An automobile'll sell itself if the feller has the price. Expectation on 'n' sidewalk is agin 'n' law, but how about 'n' feller who sprays you?

Her Proof.
“I've brought back those eggs you gave me this morning,” said the new bride, as she began to take the articles in question from her basket. “They're duck eggs.”
“Duck eggs?” sheered the grocery-boss. “You're mistaken, ma'am. I don't sell no duck eggs.”
“But I tested them,” triumphed the matrimonial novice. “I dropped them into water and they floated.” Judge.

The Tune the Town is Whistling

“I Sent My Wife to the Thousand Isles”

SUNG by Al Jolson on Columbia Record A2021—75c, with another laugh-hit, on the other side, “It's a Hundred to One You're in Love,” sung in a way that will please you, by M. J. O'Connell.

This Columbia record is only one of the many provided for your entertainment.

Listen to these two patriotic hits, for instance—

“Young America, We're Strong For You”
and
“We'll Never Let the Old Flag Fall”

The first, a quartette that would thrill the heart of every American, young and old; the second, a rousing patriotic song splendidly rendered by Albert Wiederhold and the Broadway Quartette.

Look up the Columbia Record catalogue and the latest Columbia monthly supplements for other song-hits as good as these, then let your dealer help you assemble a program that sparkles with the joy of life.

Rexall "93" Hair Tonic

IS SATISFACTION
TO THE USER.

Every one should use a good hair tonic occasionally if they wish to keep the hair and scalp in a healthy condition and promote the growth of the hair. Of all the hair tonics we have sold, Rexall "93" seems to give the best general satisfaction. It contains nothing at all injurious to the hair or scalp, and is recommended to remove dandruff, stop itching of the scalp, and increase the growth of the hair. It is sold in bottles—50c. and \$1.00.

REXALL "93" SHAMPOO does not contain an excess of alkali and is a splendid shampoo to use in connection with the "93" Hair Tonic. Price 25c a jar.
REXALL ORDERLIES have been hard to get on account of the great demand and the scarcity of some of the ingredients. We have been fortunate in obtaining a good supply of the two sizes—15c. and 50c.

Obituary

Glen Knabel.
After six months' illness of tuberculosis, Glen Knabel, 23, son of Mrs. Rose Knabel, widow of Frazesburg, died at the family home Wednesday evening at 7 o'clock. He was employed as a brakeman on the Pennsylvania railroad, although he had not worked for the past six months.

Mrs. William Christian.
After an illness dating from last January, Mrs. Amelia Christian, widow of William Christian, died at 8 o'clock this morning at her home, 107 West Main street. While Mrs. Christian has been ill since January, she has been bedfast only the past three weeks, and it has been only during the last week that her life was despaired of. Death resulted from a complication of diseases.

Mrs. Amelia Theresa Christian.
Mrs. Amelia Theresa Christian, was born in Upper Rossau, Kingdom of Saxony, Germany, July 31, 1841. At the age of 9 years, she came with her parents to America and has always made Newark her home.

On March 6, 1862, she was united in marriage to William Christian, her husband preceding her in death on June 13, 1917. She leaves to mourn her death, four children, William C. Frank, Fred, Mary and one grandson, Frederick Christian.

The funeral services will be held at the home, 107 West Main street, on Saturday afternoon at 2 o'clock. Rev. Mr. Stull, of the International Bible Students, officiating. Burial will be made in Cedar Hill cemetery.

Funeral of Mary Elizabeth Ritter.
The funeral of Mary Elizabeth Ritter, little daughter of Mr. and

Mrs. Edward Ritter, of 302 Andover street, will be held Friday afternoon at 2 o'clock at the Church of the Blessed Sacrament. Interment will be made in Mt. Calvary cemetery.

The Sick.

Lloyd Park of Chalfant Station, was taken from the Shawnee train Thursday evening in the Bradley ambulance to the City Hospital for operation.

William Robison, who underwent an operation for appendicitis at the Sanitarium, was removed in the Bradley ambulance to his home in 48 Grant street, Thursday morning.

John Konker, suffering from blood poison, and who recently had his toe amputated, was taken in the Bradley ambulance Wednesday night to the City Hospital, where his leg was amputated.

NEWARK WOMAN AWARDED JEWEL AT CONVENTION

Mrs. Nick Savy of North avenue was honored at the national convention of the Ladies' Auxiliary Knights of St. John which was held in Detroit, Mich., last week.

Mrs. Savy received the jewel of honor which was awarded to this state. Mrs. Savy had the highest number of points for membership. The honor is an enviable distinction for Mrs. Savy won over contestants from Columbus, Cincinnati and other large cities.

Buffalo has 10,881 licensed chauffeurs. There are 109,000 in New York State.

Society

The following members of the Married People's Club of Newark, were guests at dinner at the Blue Lion: Messrs. and Mesdames Malcolm Baker, Harry D. Baker, Donald Ferguson, Clarence Hopley, Edward Kibler and Clay Van Voorhis.—Zanesville Times Recorder.

The City Federation of Women's Clubs held a meeting yesterday to make arrangements for the sale of tickets for the Chautauqua which will be held in Hudson avenue during the week of August 1. The city was divided into wards and districts and a thorough canvass will be made for one week, beginning July 10.

A most delightful party is being enjoyed by a camping party at the Bader farm south of Newark, where they are being entertained by Mr. Bader and the Misses Bader. The young women are sleeping in tents, and the camp is ideal. Those in the party are Misses Helen and Myrtle Vogel, Freda and Nellie Rosolier and Katherine and Bertha Staugh.

An error was made in the announcement of the date of the first dancing party to be given this summer by the Knights of Columbus. The dance will be given at the Buckeye Lake yacht club, Friday evening, July 14, instead of July 7. The Fields orchestra will furnish the dance program.

Misses Irene Jones and Mary A. Sprague will be hostesses at a bridge luncheon at the Mountbuilders' Country club on Saturday afternoon at 1 o'clock.

The annual picnic of the Woman's home and Foreign Missionary Society of the Second Presbyterian church will be held at the home of Mrs. Frank D. Hall, in North Fifth street, on Friday afternoon, July 7, at 2:30 o'clock.

Mrs. A. G. Wyeth arrived in the city yesterday and is at the Warden hotel. Mrs. Wyeth spent the winter months in Florida, the spring in New York and Washington, and came here from Mansfield, where she has been the guest of Mr. and Mrs. Burton Preston for the past two weeks.

A bridge luncheon will be given at one o'clock on Saturday at the Country club with Miss Irene Jones and Miss Mary Sprague as hostesses. It is hoped that the attendance will be large and members desiring to participate will please notify the steward on Friday.

The Foreign Missionary Society of the East Main Street M. E. church will meet with Mrs. Mitchell at her home in Tuscarora street on Friday afternoon at 2:30 o'clock.

Master Ronald Hupp, the little son of Mr. and Mrs. Fred Hupp of Summit Heights, entertained a number of his little friends in honor of his fifth birthday anniversary on the Fourth of July. Games of all sorts were enjoyed by all. At three o'clock a dainty luncheon was served by Mrs. Hupp, assisted by Mrs. Earl Davis and Mrs. Margaret Blipus. Ronald was the recipient of many useful gifts. Those who enjoyed his hospitality were: Virginia Dush, Eugene Victor Long, Mary Margaret and Arthur Handel, Francis Krebs, Francis Freese, Loretta Davis, Martha and Oran Ingram, Ruth and Helen Steen, Kathryn, Hazel and Margaret Barret and Juanita Hupp.

Miss Ethel Weekly entertained with a dinner party at her home in North Fourth street on Wednesday evening honoring her house guest, Miss Elna Young of Mt. Vernon. Covers were laid for ten and the colors were pink and white. A centerpiece of pink and white flowers were used and the candles were shaded with the pink canopies.

The guests were Misses Elna Young, Willa McCort, Alice Henry, Nellie Flemming, Messrs. Donald Kessane, John Criticos, Oscar Hunt, Eugene Collins and Fred Dusenod.

Miss Alice Yates is entertaining at her home in Clinton street this afternoon with a thimble party honoring Mrs. Rufus H. Spaulding of Pittsburgh. Luncheon will be served on the lawn and yellow will prevail in all the appointments.

A most delightful affair was the hay ride which was enjoyed by a number of young people last Saturday night. The merry crowd went to the home of Miss Hazel Francis, where a most delicious supper was served. They were chaperoned by Mr. and Mrs. Clyde Lugenbeal and the following were present: Misses Ethel Daugherty, Helen Griffith, Mabel Cummings, Gail Lynn, Pearl Speaks, Loretta Sturman, Irene and Mary Johns, Elizabeth Williams, Martha Bolton, May Francis, Thelma Schawlin of Pittsburgh, Pa., and Margaret Colling of Columbus; Messrs. Clarence Cox, Linton Freese, Cary and Harry Speaks, Albert Teagarden, Harry Bolton, Albert and Harry Daugherty, Taylor Speaks, Edgar Corder, Guy Corder, Guy Scott, Roland Wade, Marvin Corder and Roy Lawson.

The affair was given in honor of one of the guests, who is soon to become a bride, and all present extended their heartiest wishes for her future happiness.

FRIDAY MENU:
BREAKFAST: Oranges, Fried Tomatoes, Oatmeal, Buttered Toast, Coffee.
LUNCHEON: Roasted Lamb, Potato Cakes, Toasted Muffins, Cookies, Tea.
DINNER: Purce of Veal, Stewed Celery, Chicken File, Mashed Potatoes, Fruit Gelatin, Cold Slaw, Coffee.

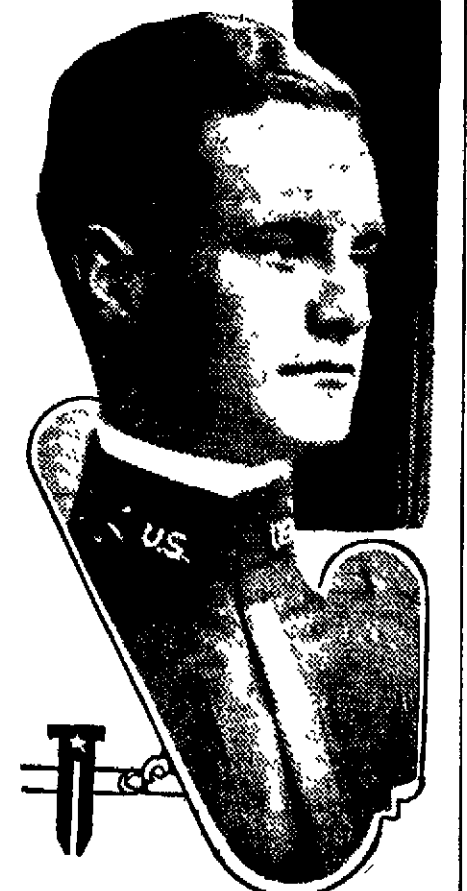

PRESENT YOUR CHILD'S HAIR

When your child is grown, the condition of the hair will depend largely upon the way it is cared for now. The human hair is composed of about 175,000 delicate oil plants. Ordinary soaps and shampoos will soon destroy the natural oil and the fatty roots of these plants, making the hair dry and brittle or destroying it entirely. EVERY WEEK SHAMPOO is an anti-septic oil shampoo that cleanses and purifies the scalp thoroughly and leaves the hair just as nature intended, soft, silky, and the scalp slightly moist with oil, but no surplus oil on the hair. It is the most excellent shampoo for children. As well as adults. Large bottle containing 64 teapoonfuls 50c.

GEN. MILES ASKS ARMY JOB FOR SON

Lieutenant Sherman Miles.

Gen. Nelson A. Miles, U. S. A., retired, has written Governor McCall of Massachusetts, asking that his son, Lieut. Sherman Miles, be commissioned, if possible, as a field officer in one of the Massachusetts regiments called for border duty. Miles was graduated from West Point in 1903. He served in the cavalry and artillery in this country and in Cuba for several years. He has been for several months military attaché in Russia.

Useful Glycerin.
Glycerin has many useful properties. It will cleanse a cut and cause it to heal quickly. In washing clothes, where softness is imperative in water, the addition of three teapoonfuls to an ordinary tub of water will prove effective. When it is necessary to boil clothes two teapoonfuls in the wash boiler will produce good results.

A little glycerin applied with a flannel on shoes that have become hardened by wetting softens the leather, which will absorb it overnight. One teapoonful of glycerin to each pound of fruit in preserves prevents the formation of a sugary crystal on the top. In stewing fruit, fresh or evaporated, two teapoonfuls of glycerin to each pound of fruit, a pinch of salt and less sugar make a useful addition.

And, finally, glycerin softens scrubbing water, whitens wood and is good for the hands.—New York Sun.

Not the Metric System.
Little Lucile, aged five, was talking to a gentleman. When she became impudent her mother took her out of the room to punish her. She could find nothing but the yardstick, so she whipped her with that. A little later Lucile came back in the room, and the gentleman asked her what her mother had done to her. She said, "Mamma just measured me all over."—Christian Herald.

A Busy Station.
The San Francisco ferry station is the busiest terminal in the United States, nearly 42,000,000 persons passing through the depot yearly. The only depot in the world from which more persons arrive and depart annually is the Union railroad station, in Paris.—Argonaut.

Don't take second hand advice. On the other hand be a bit suspicious of advice that has never been used.

Personal

Mr. and Mrs. Selrick and daughter Alberta, are spending the week at the home of their parents in Spring and Granville streets.

Mrs. Orville N. Townsend of Market street, has been the guest of Mrs. A. S. Mitchell, of Newark. Mr. and Mrs. Frank Varner and niece, Miss Margaret Staught, and Mrs. John Staugh, all of Newark, are visiting at the home of Mr. and Mrs. Frank Staugh, Marietta street. Lou Hull and Hazel Whitaker of Newark spent the Fourth as guests of Mrs. Eva McKinley of Fulton street. Miss Mary Curtis and Miss Margaret Jenkins of Newark, spent the Fourth with friends in this city. Miss Mary Broomhall has been the guest of Mr. and Mrs. Ralph Hutchinson of Newark.—Today's Zanesville Times-Recorder.

Miss Margaret Lisey and guest Miss Estelle Wilson of Pittsburgh are spending the day in Columbus.

Mrs. Frank L. Johnson is visiting relatives in Athens, O.

Mr. B. J. Kellenberger of Minneapolis, Minn., who has been the guest of his parents, Mr. and Mrs. J. R. Kellenberger in Western avenue has returned to his home. His son Burkham Kellenberger will remain for an extended visit.

Mr. Roe E. Brenigam has returned to his home in Detroit, Mich., after visiting friends and relatives in Newark. Mr. Brenigam made the trip on his Harley-Davidson motorcycle.

Miss Emma Jane Snyder of Pittsburgh, returned to her home today, having been the guest of Mr. and Mrs. C. A. Hill.

Mr. and Mrs. Jerry Baker and Mr. and Mrs. Frank Stiehmman left this morning for a motor trip to Mt. Clemens, Mich. The party expect to be gone several weeks.

Forrest Kackley who has been spending a few days in Newark has returned to his home in Pleasant City, O.

Miss Anna Sheridan, money order clerk at the local postoffice is absent from her duties on a week's vacation.

Mr. and Mrs. J. F. Little and daughter Dorothy and Mr. and Mrs. E. L. Little motored to the home of E. L. Little, 8 miles south of Truway on Wednesday.

Judge Price and family and Mr. and Mrs. F. C. Moore of New Lexington spent the Fourth at the home of F. F. Baker east of the city.

Miss Rose Lakough of Pittsburgh is visiting Miss Mabel Kellenberger at her home in South Fifth street.

Charles Workman of Columbus was a business visitor in the city on Wednesday.

Mrs. John May of Eighth street has returned to her home after visiting in Bellaire, O.

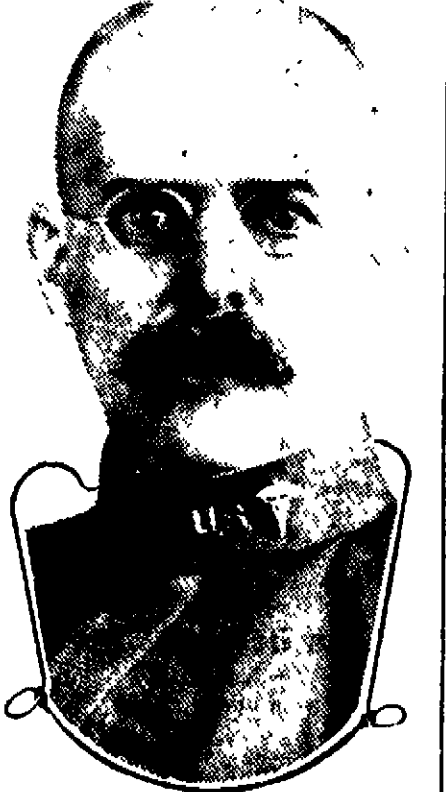

Miss Emma Spencer, who has been the guest of Mr. and Mrs. Walter L. Flory in Cleveland, returned home this afternoon.

Drydocking a Warship.
One of the operations a naval officer dislikes more than anything else is docking a big warship to undergo repairs. It is one of the most difficult and tricky jobs imaginable, and the slightest carelessness may mean mighty costly damage.

Before being floated into the dock the vessel is usually lightened of everything that can be easily taken from her, and then she is towed in by tugs. The greatest care has to be taken to get the huge mass to float in exactly its proper position so that when the water is pumped out of the dock it will come to rest upon the keel blocks in such a way that its great weight is evenly distributed. These big repairing docks, or graving docks, as they are usually called, are built in a series of steps, so that they are much narrower at the bottom than at the top. These steps give support to the balks of timber which keep the vessel upright.

A float, called a "marker," is used to show that the battleship is in its right position before the water is drained away. Any miscalculation and the vessel might heel over, and there is no stopping a 25,000-ton ship when it begins doing that.—Pearson's.

HAS CHARGE OF BASE HOSPITAL

Col. J. R. Kean.

Col. J. R. Kean, U. S. A., is director of military relief, American Red Cross. It is his duty to organize base hospital units throughout the United States, especially near the border, to care for the wounded troops who have passed beyond the first aid stage. He has already organized twenty of these units in the larger cities of the country. A hospital with ample facilities is usually chosen.

HOUSEHOLD HINTS BY VIRGINIA BOWEN

OATMEAL CRISPS.—Mix thoroughly one cupful oatmeal, three-quarters cupful flour, in which a rounded teapoonful of baking powder has been sifted; one-half teapoonful salt and three-quarters cupful sugar. Rub into this one teapoonful butter stir in an egg and a teapoonful lemon flavoring. Wet the mixture with enough sweet milk to make a dough that can be rolled out thin. Cut in squares and bake until brown and crisp.

IS NEWS CENSOR FOR MEXICAN OPERATIONS

Major Douglas MacArthur.

Major Douglas MacArthur of the general staff of the army has been designated by Secretary Baker as official censor during Mexican operations.

Our Boys and Girls

It is a bad plan to allow children to eat between regular meals, then when they should eat a good meal they are not hungry, but nervous, and think only of getting out to finish some pet game. If they are compelled to wait for meal hours, which should be regular, they will be really hungry and be glad to sit quietly at the table and eat a substantial meal, which will improve the digestion and the nerves.

Children should be taught very early that it is not safe to use a handkerchief that has been used by someone else, and for similar reasons the use of individual towels and wash clothes should be insisted upon.

A child should be taught to blow its nose, to submit the tongue and throat to inspections to gargle, and to regard the doctor as a friend whose visits are to be looked forward to with pleasure. Attention to these suggestions will make the task of the physician at some critical time far less difficult than if otherwise would be. If a child has sometimes been threatened with a visit from the doctor as a means of securing obedience, his fears may be strong and serious drawback to successful treatment.

How They Do It.

Two married women were having a chat, and, as usual, the conversation veered around to the expense of living.

"It's really awful how the rise in prices has affected us!" said one sadly. "Why, do you know that my bills for clothes this year are exactly double what they were last year?"

"Foodness!" gasped the other. "I don't see how your husband can afford it."

"He can't," replied the first calmly. "But, then, he couldn't afford it last year, so what's the difference?"—Argonaut.

ITCHING ECZEMA HEALED RIGHT UP WITH AMOLOX

Use Like Cold Cream to Take Out Redness and Clear the Skin.

Amolox, the new scientific prescription, heals eczema and skin eruptions. It stops all itch and burning instantly. Simply apply to the diseased skin this mild, soothing prescription and all agonizing itch will be a thing of the past. Amolox ointment will quickly relieve pimples on the face, blackheads, and all minor skin troubles. Apply like cold cream. Sufferers from eczema, psoriasis, tetter and bad cases of skin diseases lasting for years, should use both Amolox liquid and ointment to effect a cure. Trial size, 50c. Guaranteed by T. J. Evans, Amolox Laboratories, Youngstown, Ohio.

Milady's Boudoir

Care of the Nails.
In the summer the physical condition of the body is at a low ebb, and it is necessary to pay particular attention to the nails.

I have used the following cream for a number of years and find that it just keeps my nails strong and pliable: Sweet almond oil, one-quarter ounce; table salt, 16 grains; powdered resin, 15 and 1-2 grains; powdered alum, 16 and 1-2 grains; white wax, 40 grains, carmine one grain. The wax and the resin should be put into a cup and then immersed in hot water until melted. As it softens add the oil and salt and alum. The carmine should be added last. Then remove the mixture from the water and beat it until it forms a smooth cream. Rub this into the nails several times daily.

The best remedy for brittle nails is oil. I advise you to soak the finger tips for five or ten minutes every night in warmed almond oil. The same oil may be used over and over, and it should be warm, not hot. When the surface of the nails show ridges and there is a general appearance of coarseness, apply grease about the edges whenever possible. Cleanse the nails with grease, instead of using soap or nail bleach. It will produce a satin-like appearance and a desirable tinge of pink.

Many women use cold cream about their nails, but I find that vaseline is far better. After you have soaked the finger tips in the heated almond oil, take an orange stick and proceed to fill the cuticle about the base of the nails with vaseline. The superfluous grease may be removed with a piece of chamol or absorbent cotton. Treat the nails every night in this manner, and you will notice an improvement in their condition.

Everyday Etiquette

"I have just moved to this city. Now, will you please tell me whether I should leave cards for each person when calling upon a woman who has three daughters?" asked Lillian.

"No, you should leave one card for the mother and one for the three daughters. If the ladies were not mother and daughters you would leave cards for each," replied her helpful friend.

The United States yearly produces 11,500,000,000 pounds of lard.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your back hurts or bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacist; take a teapoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Why Endure Summer Colds?
It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar Eucalypti. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a rough and cold insurance.

YOUR OWN REMEDY FOR ITCHING
Eyes and Granulations, Swollen Throat, Stomach and Bowels, Skin Diseases, etc. Write to Dr. J. C. Evans, Amolox Laboratories, Youngstown, Ohio.

What the Doctor Asked

One of the questions the examining physician for life insurance is apt to ask the applicant whose heart is skipping beats or is fluttery is—

"Do you use coffee?"

The reason coffee is suspected is because the physician knows that the drug, caffeine, in coffee disturbs the nervous system, races the heart, and is responsible besides for conditions which often become serious.

It's a good thing to stop when one reaches the danger zone. It is better still, to safeguard health and avoid trouble by quitting coffee and using the famous pure food-drink

POSTUM

This delightful beverage is made of finest wheat, roasted with a little wholesome molasses, and while it tastes much like mild Java coffee, it contains only the nourishing goodness of the grain—no coffee—no drug—no harmful ingredient whatever.

There are two forms of Postum. The original Postum Cereal must be boiled. Instant Postum—a soluble powder—is made in the cup with hot water—instantly! Both forms are equal in flavor, and cost about the same per cup.

Thousands of people have found the way to renewed health by a change from coffee to Postum. There are no coffee "questions" in Postum.

"There's a Reason"

WOMEN PREPARED **A SUPPER FOR** **CHURCH PICNIC**

The members of the Tenth Street United Brethren church of this city held an enjoyable picnic in the beautiful grove of H. S. Ingman, south of the city, on the afternoon of July 4.

A fine supper was served, and a novel feature of it was, that the refreshments were all prepared and served by the men of the church; the women were delighted and all unite in saying that the cakes, pies, coffee and all was the finest ever. There was delicious "grub" galore and several baskets full was gathered after all had fully satisfied themselves.

A large tub of ice cold lemonade, free to all, pleased the children as well as the adults.

The last part of the afternoon was spent in athletic games and after supper, the men, led by E. M. Larason, with the cornet, gave a concert which was greatly enjoyed by all.

Over 50 persons were present.

Hebron

Mr. and Mrs. W. R. Geiger entertained on Sunday, June 25, fifty-six of their relatives and friends. Among the guests were, Mr. and Mrs. Jacob Copeland and family, Mr. and Mrs. George and Charles Baker and their families and Emmanuel Mast and family, all of Zanesville, Mr. Carney and family of Granville, and Dr. Knoderer and family of Columbus. Dinner was served to the guests on the lawn.

Mr. Homer Sands of Coshocton spent the Fourth at his home here.

Miss Ida Bostwick of Pataskala, was the guest of the Misses Anna and Edna Voorhees part of the week.

Mr. and Mrs. Sanford Black entertained Newark friends during the past week.

Mrs. D. P. Carlisle has returned from a visit with her parents in Cincinnati.

Mr. and Mrs. T. M. White were guests of Mr. and Mrs. Edwary strong of Zanesville the first of the week.

Dr. Wilmer Atwood and wife of Coshocton spent part of the week with his parents, Mr. and Mrs. Amos Atwood.

Miss May Madden, who has been teaching in Oakhill, Va., is attending summer school at Ohio State.

Mr. William Shaw of Oneco, Fla. is spending some time with his daughter, Mrs. Ralph Dettree.

Miss Janet Morrison is visiting her uncle Mr. Otto Heaton and family in Columbus.

Mr. T. J. Davis and family are accompanied by his mother of Columbus, were Sunday guests of Mrs. Sarah Hutzell and daughters, Mrs. Davis and children remained over the 4th.

Mr. Will Karns and family of Logan, were guests of his brother Mr. C. F. Karns and family on Saturday and Sunday.

Miss Letha Madden was the guest of her sister, Mrs. Indus Marriott of St. Louisville.

Mr. and Mrs. C. A. Swisher and daughter of Millersport were guests of Mr. O. J. Green and Mrs. Sarah Swisher on Sunday.

Elder Stukey and family of Newark spent Sunday with Mr. and Mrs. Arthur Berry.

Mr. and Mrs. Henry Hoskinson and daughter Nellie of Millersport spent Sunday with Mr. and Mrs. Phillip Neisley.

Mrs. C. V. Chism and children of Rushsylvania are visiting relatives and friends here.

Mr. and Mrs. Owen Smock, Mr. Geo. Smock and Mr. Joe Shore of Columbus, Mr. and Mrs. Elmer S. Berry of Luray, Mrs. J. R. Hoskinson and children Reed, Esther, Emerson, spent Sunday at Clover Hill farm, near Linville, with J. R. Hoskinson and son Lewis.

Mr. and Mrs. Paul Davis of Coshocton, were Fourth of July guests of Mr. and Mrs. E. E. Wertz.

Col. and Mrs. H. D. Burch returned Sunday after a three weeks visit with Tiffin friends.

Mr. Harry Atwood of the Ohio State University Summer school spent the Fourth at home with his parents, Mr. and Mrs. Amos Atwood.

Master Trafford Oldaker has been visiting at the home of Mr. and Mrs. Townsend Jury at Jacktown.

Mr. and Mrs. Paul Morrow of Wheeling, W. Va., were guests of Mrs. Morrow's parents, Mr. and Mrs. C. A. Pence over the Fourth.

Will Invite the **Progressives to** **Join the Prohibs**

ASSOCIATED PRESS TELEGRAM

Columbus, July 6.—Prohibitors of their state convention in the open air yesterday. One prohibitionist met here today to adopt a state platform and inaugurate their state campaign. An invitation will be extended to the Progressives to join in the Prohibition ranks, it is said.

The subject of preparedness will not be neglected when the platform is presented. The plank on this subject will declare for "proper preparedness" and "for peace without war, if possible."

Two candidates are being mentioned for the gubernatorial nomination. These two are Rev. J. A. Henderson of Dayton and Prof. John H. Dickason of Wooster college.

Meritol **ECZEMA REMEDY**

Sale Starts **Friday Morning, July 7th** **Mitchell & Miracle**

HINTS TO PROGRESSIVE FARMERS

Basing his conclusions upon visits to some Ohio farms and also upon tests made by the Ohio Experiment Station, C. A. Gearhart says in its July Monthly Bulletin that the much advertised Grimm alfalfa was not more resistant to winter injury last winter than were the varieties from northwestern states. On one farm 125 acres of alfalfa was injured severely, and of this 14 acres were killed in 1912 to the Grimm variety.

All varieties of alfalfa were injured more than alsike, red and mammoth clover. Alfalfa kills out more in Ohio if the seed is obtained from states where the climate is warm or irrigation is necessary.

Leaf Spot Prevalent on Cherry Trees.

Rainy weather conditions this year have been especially favorable to the growth of the leaf-spot or shot-hole fungus which attacks most varieties of sour cherries and some European varieties of plums. Bordeaux mixture is the most satisfactory means of controlling the dis-

case, reports the botanist at the Ohio Experiment Station in its July Monthly Bulletin.

This fungus causes the leaves to turn yellow and drop often in July or August, and a new growth starts. Such a condition often causes the trees to die the following winter.

For cherries Bordeaux mixture made by adding 2 pounds of copper sulphate and the milk of lime obtained by slaking 2 pounds of quicklime to 50 gallons of water is effective when applied in June and each 2 to 3 weeks thereafter as long as the disease is evident. A mixture of twice this strength applied at similar intervals is recommended by the Station botanist for European varieties of plums. The American and Japanese plums are seldom attacked.

Clover Leaf Tyer.

Some injury is done each year to Ohio clover leaf tyer, a caterpillar about one-third of an inch long, which first appears in late March. It is so called because it ties the surface of the clover leaves together to form a cell in which it feeds. There

are three broods of the insect during the year.

Present harvesting customs prevent the insect from becoming a serious pest. The first two broods are largely destroyed by the two cuttings of the clover crop, while fall pasturing kills many of the third brood.

A complete description and life of the insect are given by H. A. Gossard in Bulletin 297 of the Ohio Experiment Station at Wooster.

Fight Cucumber Beetle.

Cucumber losses caused by the cucumber beetle may be diminished if prompt action is taken against this pest of the pickle. H. A. Gossard, entomologist at the Ohio Experiment Station, recommends spraying when the beetles appear with Bordeaux mixture made by adding 2 pounds of copper sulphate and the milk of lime mixture made by adding 2 pounds of quicklime to 50 gallons of water, to which 3 pounds of arsenate of lead paste is added. Since the beetles dislike Bordeaux mixture, many will travel to vines not sprayed. Thus every fourth hill of cucumbers may be sprayed with 3 pounds of arsenate of lead paste to 50 gallons of water, and this will kill all beetles eating much of it. Instructions for making Bordeaux mixture may be

obtained by writing to the Experiment Station at Wooster for Bulletin 232.

Dusting the vines with flowers of sulphur and air-slaked lime in the proportion of 1 to 3 is also recommended.

TOWN MARSHAL IS ON TRIAL FOR MURDER

(Associated Press Telegram)
Medina, O., July 6.—The trial of Village Marshal Henry Blakeslee, under indictment for first degree murder in the shooting to death of night watchman John Gates, on the morning of April 18, opened here today.

The men had been political enemies, Blakeslee having defeated Gates for the office of marshal, a position Gates had held for many years. Blakeslee admits killing Gates, but declares he did it in self-defense. Judge Ahern of Akron will preside at the trial.

Amusements

The Auditorium
Nancy Boyer and company are repeating their former success here and great crowds are in attendance at nearly every performance. Yesterday afternoon "Baby Mine" and at night "The Truth" were the offerings. "The Truth" takes its title from the fact that Miss Boyer in the character of Becky Warden, very early in her married life begins telling little white lies to her husband so as to keep him in ignorance as to her methods of spending her time and money during his working hours. There are many ludicrous situations and the company gave a nice presentation of the play. This afternoon Miss Boyer is giving souvenirs of the book she wrote, "How I Happened to Go Upon the Stage."

Tonight "A Pair of Sixes" will be offered. It is thoroughly American in story, characters and treatment, which means that its fun and humor have the element of spontaneity and is expressed with unhesitating swiftness. There are no pauses—it is just one wild, unrestrained continuity of fun. An exception must be made to the American characters and that is Coddles, an eccentric English housemaid. Coddles is in a class by herself. She must be seen to be appreciated. Once seen she will never be forgotten.

Alhambra.
Mollie King, twinkling star among the younger generation of legitimate screen actresses, will be seen on the screen at the Alhambra theater on Monday night in "Tate's Boomerang," a romance of the hills and unexplored forests brimming full of pathos, suspense and action extraordinarily well blended in a feature of unusual worth.

One of the most thrilling and unusual instances that ever occurred in the adventurous life of a motion picture actress befell Florence Dagmar, the clever ingenue leading woman of the Jesse L. Lasky company, who is appearing in the coming production of "The Clown" which will be seen at the Alhambra on Friday and Saturday with Victor Moore in the stellar role. It is a Paramount program release.

BOWLING

Tonoline Is Beauty Aid, Announces Specialist

Mildred Louine Talk of Interest to Women.

A health is a first aid to beauty; this story, told by Mildred Louine, beauty specialist, of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than tonoline," said Mildred Louine.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness."

"Relief came, however, when I took the advice of several women who said, 'Take tonoline.'"

"Not long after I started the tonoline treatment my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face."

"What tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common malaises—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonoline is being explained daily to many people at Frank D. Hall's.

Notice—As tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase his weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.

CHARLES DEAL STARS IN THE ASSOCIATION

Charles Deal.

After an unsuccessful try-out with the St. Louis Browns this spring Charles Deal was shipped to Kansas City in the Association, where he's having the time of his life. Charlie is hitting over .360 and helping Danny Shay's Blues a lot in their wonderful race for the flag.

GETS CUBAN OUTFIELDER.

Washington, July 6.—Manager Clark Griffith of the Washington baseball club has exchanged Henry Rendon to the Minneapolis American Association club for Morito Acosta, the Cuban outfielder.

Rendon, the Cuban outfielder, today said Acosta will take his place in the Washington lineup either Saturday or Monday next.

ROCKY FORK

Mrs. Emma Davis and Mrs. Minnie Livingston spent Tuesday at the home of Isaac Bobout.

Mrs. Sarah Ridenbaugh is visiting with her son, Mr. Austin Ridenbaugh.

Misses Mary and Hazel Davis have returned to their homes after a week's visit with relatives near Martinsburg.

Minnie Livingston is visiting friends and relatives of Newark.

Mrs. Elizabeth Watson called on Ethel Davis Monday afternoon.

Mrs. Gary Patton spent Monday at the home of her parents, Mr. and Mrs. Brant.

EVERS DRAWS A SUSPENSION FROM TENER

(Associated Press Telegram)
New York, July 6.—President John K. Tener of the National League, announced today that he had indefinitely suspended Captain Johnny Evers of the Boston club.

The league executive stated that the penalty was inflicted as a result of the scene created at Boston yesterday by Evers when he was called out on strikes. Evers telegraphed an apology to league headquarters for his actions and remarks but President Tener refused to pass the incident without a reprimand and suspension.

EVERS SENDS A TELEGRAM OF APOLOGY.

(Associated Press Telegram)
Boston, July 6.—It was announced today that before the Boston Nationals left for the west last night, Captain John J. Evers sent a telegram to President John K. Tener of the league, apologizing for remarks made after Evers had been sent to the bench for throwing his bat in the air yesterday's game. Evers had been called out on strikes. When Umpire Byron put him out of the game, Evers exchanged words with him and made a reference to alleged criticisms of players by "the wife of the president of the league."

President Tener was watching the game and heard Evers's remarks. In his telegram Evers said that he regretted the incident and was "grievously at fault."

SPORT NOTES.

St. Louis—The track and field meet of the western district of the Amateur Athletic Union will be held on the grounds of the Columbia Athletic Club, St. Louis, August 27. The swimming events were awarded to the Missouri Athletic Association, but the date has not been set.

The track and field meet will serve as a try-out for the national events to be held at Newark, N. J., Sept. 8-9.

Detroit—E. C. Buss, coach of the Detroit central high school football eleven, has accepted an offer to coach the DePauw university eleven, at Greencastle, Ind., next autumn.

Detroit—Two high school teachers, whose football eleven met in a game of national interest last season, will direct college teams in an important contest next autumn. When Detroit central high and Everett, Mass., met for the national interscholastic title last year, the former was coached by E. C. Buss and the latter by Cleo O'Donnell. Buss recently signed a contract to coach the DePauw university team while O'Donnell will have charge of football at Purdue. These teams will clash. The Everett-Detroit game was a scoreless tie.

Bloomington, Ind.—James Kase, who is director of athletics during the summer school at Indiana University, has just issued a call for a baseball team. Director Kase hopes to arrange some games with teams representing the summer terms of other universities in the Western Conference. Among those who answered the call are Severin Buschmann, a member of the 1916 nine; Richard Porter, who played on the Varsity in 1915; Kenneth Kunkle, and Louis Legler, members of the Varsity squad, Cleon Nafe and Ira Englehart, both of whom have had considerable baseball experience.

Indianapolis—For the first time in the history of tennis in Indianapolis, this city will have a tennis team this year and will have a tournament here August 19 and 20, teams from St. Louis, Mo., Columbus, Dayton, Cincinnati and Cleveland, O., and Louisville, Ky., having entered. Each team will be composed of six men and will play singles and three doubles matches. Trials for the Indianapolis team will start in a short time and the play of the individuals in the coming state and city tournaments will also serve as guide on which to make selection for the team.

Indianapolis—J. C. McGill, owner of the Indianapolis club of the American Association, thinks so well of the Cleveland American club plan of numbering the players, that he is considering adopting the plan himself. If he does, he probably will be following the same plan with the Cleveland team, placing the numbers on the sleeves of the players, with corresponding numbers placed beside the player's name in the score card.

Indianapolis—James Dunn, president of the made-over Cleveland American team and also of a construction company, got his idea to sign Fred Beebe, the former major league pitcher and baseball coach at Indiana University, while on a business trip here. An Indianapolis friend told him that Beebe had at least one more season of major league pitching in him and Dunn, being new at the game, listened to the story and acted on the suggestion to sign the Indiana coach. Beebe made good in the first game.

PITTSBURGH GETS RACE MEET.
Pittsburgh, July 6.—Pittsburgh will have Grand Circuit racing this summer, the dates which were originally awarded to the Grand Rapids Club, July 31 to August 5, having been shifted here through friction developing among the members of the Grand Rapids Club. The members of the Michigan organization were unable to agree on several matters in connection with the racing program.

Wouldn't it be fine if family jars could only be used for preserving peace?

Cottage Prayer Meeting.
The union cottage prayer meeting will be held at the home of J. M. Bennett, No. 79 Wing street, Friday evening at 7:30 o'clock. These meetings are well attended and very helpful. Everybody invited to come.

Miss Udell Ewing who has been the guest of her grandmother, Mrs. Hugh Boyle Ewing, in Granville street, has returned to her home in Lancaster.
Paul Morrison, who has been employed in Akron, returned to that city today after visiting at his home in Newark.

Fined \$1 and Costs.
Ray Wagner, Robert Coffman and Bernard Bronigan, charged with the theft of shoestrings from the shoe-shining establishment of Peter Androntos in West Main street, were dismissed, and Richard Smith, convicted on the charge, was fined \$1 and costs in the Mayor's court Wednesday afternoon.

Fell From Roof.
Clarence Wilkin and Morgan Hibler, while working on the roof of the residence of Charles Pine in Maple avenue, Wednesday afternoon, fell to the ground, severely bruising both men and rendering Mr. Wilkin unconscious. Mr. Hibler was able to return to work Thursday, but Mr. Wilkin was not. The Baxter ambulance responded to the call, but its services were not required.

Engine Men Burned.
Baltimore and Ohio Engineer W. H. Powell were painfully burned yesterday at Glencoe, O., when a pipe on the interior of their engine dropped out of its position causing fire to spurt from the firebox. The men were relieved on their run and returned to their homes in this city, late yesterday. Neither are reported to be in a serious condition as the result of their injuries.

Equal Suffrage.
Licking County Equal Suffrage Association will hold their regular monthly meeting Friday at 2:30 at City Council Chamber. Mrs. Monroe, delegate-at-large of the State of Washington to the Democratic National convention will be present and give an address.

Mr. Brilliant Improving.
The condition of J. L. Brilliant, 39 Pearl street, who was injured in an automobile accident a week ago, today was reported considerable improved and the patient resting as well as could be expected.

O'Donnell Recovering.
Joseph O'Donnell, linotype operator, who suffered a sprained ankle last week when the Saxon machine in which he was making an endurance test with, was turned over on the Jacksonville pike by a Dodge car, was able to be out for the first time yesterday. Mr. O'Donnell will be compelled to use crutches for a short time on account of the injury.

WAS SUCCESSFUL IN EXAMINATION

Columbus, July 6.—Names of the 159 successful applicants out of the class of 195 who took the state medical examination, June 6 to 9, and of the 25 persons out of 23 who passed the osteopathic examination were announced today by the state medical board. From Newark, Henry R. Wells, osteopath, passed the examination.

Fulton and the Clermont.
The first trip of Robert Fulton up the Hudson river in the Clermont was thus described in the American Citizen of Aug. 17, 1810:
"Mr. Fulton's ingenious Steam Boat, invented with a View to the Navigation of The Mississippi from New Orleans upwards, sailed today from the North River, near the State Prison, to Albany. The Velocity of The Steam Boat is Calculated at four miles an hour. It is said that it will make a progress of two against The Current of The Mississippi, and if so it will certainly be a very valuable acquisition to the Commerce of the Western States."

According to Edward Hallman Hall's history, the Clermont made the trip to Albany in thirty-two hours. The state prison referred to stood on the block in New York now bounded by Washington, West Tenth, West and Charles streets, in old Greenwich village.

Mexico's Tiny Church.
Mexico, for a country that is so poor, boasts some wonderful big and fine churches, and it also has what is claimed to be the smallest church in the world.

It is situated at Penon, near the City of Mexico, and is a rude affair, yet it serves all purposes, as the local population is small. It has a "seating capacity" of about ten, though there are in fact no seats. The place is a favorite one for wedding ceremonies, though the altar is so small that only the couple to be married can stand in front of it.

The average person has to stoop in entering the door, but that encourages humility and is a good thing. The little edifice is crowned with two miniature towers with a bell in each, and these bells are rung as ceremoniously as those of the famous cathedral in the capital city.—Pathfinder.

Ice Mine Freezes Only In Summer.
At Coudersport, Pa., is the strangest mine in the world. It is an ice mine, which freezes in summer and thaws in winter. Charles Arthur Vandermuelen says in the Scientific American that it is a pit forty feet deep and from ten to twelve feet in diameter, up which pours a peculiar cold mist which comes from openings found all the way from the top to the bottom.

"As soon as warm weather arrives frost appears on the walls of the shaft and soon tiny icicles form rapidly, until in the warmest weather huge icicles, often two feet thick, reach from the top to the bottom of the mine."

Geologists can offer no explanation. The owner built a shed over the mine, but had to tear it down because as soon as the sun's rays were cut off the ice melted. Its normal thaw sets in in October.

Orange Peel Oil Is Explosive.
Everybody knows the flavor of an orange peel, but not everybody knows what causes that flavor. It is due to the oil contained in little cells in the rind. If the peel is bent so as to strain these oil laden cells the oil bursts out often as a visible spray and usually perceptible to our sense of smell and often as a greasy film on the fingers.

The peel may be so bent as to rupture a large number of these cells at one time and to fill the air with an oily mist. If at the moment of bending a lighted match is applied by an assistant a decided explosion will follow. This experiment is most successfully performed in a darkened room or in a room wholly dark except for the light from the match.—Popular Science Monthly.

Model Man.
"I once knew an eccentric man," stated old Festus Pester, "who when he had got the desired number on the telephone did not demand merely, 'Whizz ziss?' Instead he invariably said civilly, 'This is John J. Poppendick wishing to speak to Mr. Buckover.' His funeral was the largest ever held in the neighborhood where he had resided, and thereat strong men broke down and wept like children, being convinced that they would never again see his like."—Judge.

Used to It.
"I am thinking of buying a couple more lots next to the one my house is on."
"Seems to me you've got a pretty big plot as it is."
"I know, but the mortgage is nearly paid off and I've got to have something to worry about."—Exchange.

One Better.
She—Oh, dear, do you know Jasmine got the cutest little table for her birthday? All you have to do is press a lever and it changes into a desk. He—That's nothing. All I had to do was to press the steering wheel on my auto and it turned into a telephone post.—Cornell Widow.

The Closed Circle.
Young Girl—Yes! I feel an intense longing to do something for others.
Friend—Just whom do you mean by others?
"Well, I suppose I mean almost anybody outside of my immediate family."—Life.

Knew What Was Coming.
"Pa, what is a chronic kicker?"
"If you answer that boy's question do it without making any reference to me," put in mother.—Detroit Free Press

Burning Gold.
The Chinese custom of burning small pieces of gold leaf on various anniversary sacrifices several million dollars' worth of the metal annually.

One ton of whale blubber will yield 300 gallons of oil.

The high flyer has to have more than lofty ideals.

Your Stomach Trouble Comes From Your Liver

A Wineglassful of Tollo Water Brings Relief in 30 Minutes

Your stomach cannot perform its functions properly if your liver is clogged. And stomach remedies won't help your stomach trouble because the seat of the trouble is in your liver.

The reason liver trouble often deranges the stomach is because when the liver is inactive the bile tubes become clogged. This causes the bile to work back into the stomach instead of flowing on into the bowels. The result is stomach trouble, heartburn, "stomach headaches," coated tongue and salivary complexion.

An occasional Tollo Water bath will relieve all these symptoms in 30 minutes. It will clean out the bile tubes and give your digestive organs a fresh clean start.

Tollo Water is found at Dawson Springs, a famous Kentucky health resort, where it is concentrated, bottled and shipped to your druggist. It has the property of dissolving the obstructions in the bile tubes and stimulating the action of the liver.

Clean your liver tomorrow with a Tollo Water liver bath. It will relieve your over-burdened liver and remove all waste from the stomach and bowels. You will be surprised and pleased at its quick results. Your stomach trouble will disappear, and you will be able to eat what you like and enjoy it.

Get a 15 cent bottle of Tollo Water from your druggist and drink a third of a tumbler full in a glass of drinking water before breakfast. In thirty minutes you will be feeling fine.

PRITCHARD NAMED.
(ASSOCIATED PRESS TELEGRAM)
Columbus, July 6.—H. W. Pritchard, for several years assistant physician at the Gallipolis state hospital today was appointed by the state board of administration to be superintendent of the Columbus state hospital. He succeeds Dr. C. F. Gilliam, who was killed in an auto accident several weeks ago.

Rivers of Eden.
The Euphrates is one of the four rivers of Eden in the book of Genesis, and the Tigris, "which goeth toward the east of Assyria," has generally been identified as the Tigris. But what were the Gihon and the Pison? Since the Gihon "encompasseth the whole land of Ethiopia" it is natural to suppose it to be the Nile, while the Pison has been found in the Ganges. But in this case, what was the main stream from which these four flowed? It could only be the ocean stream encompassing the earth, in which the ancients believed. Those who have wished to find accurate scientific geography in the record have been compelled to shift Eden up into Armenia and find the Pison and Gihon in minor streams or to conjecture with Luther that Noah's flood radically altered the original arrangements of the streams.—London Chronicle.

Life of a Phonograph Record.
The life of a record is a matter of some interest to the owner of a phonograph. With ordinary use a disk should last indefinitely. Of course the friction of steel, tungsten or sapphire on even the hard set material will eventually wear it out, but unless you play some particular piece many hours a day there is no deterioration. The question of "overtones" comes up in this connection. It has been stated that the overtones wear off a record more quickly than the notes of the dominant octave and thus spoil the quality of the recorded voice even while leaving pitch and volume unimpaired. It is true enough that the quality of any musical note depends largely on the overtones, but there is nothing in the theory that overtones are destroyed by normal playing of a record.—Richmond Times-Dispatch.

To Preserve Cider.
The only satisfactory way of preserving cider in its sweet, fresh state is to treat it the same as grape juice is treated.

Take the cider as it comes from the press and gradually heat to a temperature of 170 to 180 degrees. Care should be taken not to heat it to more than 190 degrees, else the flavor will be harmed. After the temperature has been held at that point for fifteen minutes the juice is bottled at once in clean, airtight bottles that have been previously scalded and are hot when the cider is introduced.

Cork with stoppers that can be pushed into the neck of the bottles a little below the neck of the rim and fill the small cavity with paraffin.—Farm and Fireside.

Shakespeare in France.
Shakespeare now has a host of admirers in France, but his works were absolutely unknown in that country until nearly a century after his death. The first mention of Shakespeare in a French book occurs in a translation of Sir William Temple's essays, published 1693, and his plays were not translated until 1770. Bacon, on the other hand, was widely read in France during his lifetime. His essays were translated into French almost as soon as they appeared in England, and three editions of the translation were rapidly exhausted.—London Opinion.

WIRES DOWN

IN CITIES SWEEPED BY TROPICAL STORM AND ESTIMATE OF DAMAGE UNAVAILABLE.

Believed Loss of Life Has Occurred in Alabama and Florida—Hurricane Moving Northwest.

(ASSOCIATED PRESS TELEGRAM)
New Orleans, July 6.—A brief wireless dispatch from the coast guard cutter Tallapoosa in Mobile harbor at noon today stated the wireless towers in Mobile were down, but gave no estimate of property damage or possible loss of life. The cutter was preparing to send a boat ashore for information regarding conditions in Mobile.

Loss of life is feared to have resulted at points in Alabama and Florida swept by the tropical hurricane yesterday, although communication with the sections over which the storm passed had not been established early today.

The center of the hurricane apparently struck Mobile, Ala., and Pensacola, Fla., and the section between those points, according to local weather bureau officials. The storm moved inland in a northwesterly direction from the Gulf of Mexico at an estimated velocity of about 80 miles an hour.

Wireless plants here failed to get any response from Mobile or Pensacola stations. It was presumed the wind demolished the stations and possibly put out of commission the wireless apparatus on ships in the harbors.

The weather bureau issued a bulletin at 8:30 A. M., stating the center of the hurricane appeared to be moving northwest between Jackson and Meridian, Miss., at a velocity of about 48 miles an hour and apparently lessening in intensity.

DEATH TOLL OF INFANTS IS ONE PER HOUR

(ASSOCIATED PRESS TELEGRAM)
New York, July 6.—The health department announced today that incomplete figures show that during the 24 hours preceding 9 o'clock this morning, 24 children died of infantile paralysis in the greater city, continuing the death rate of one an hour.

This brings the toll of lives lost since the disease became an epidemic ten days ago to 174. Of the deaths since yesterday, 21 occurred in Brooklyn, two in Manhattan and one in Queensborough. All the victims were under 7 years of age.

Today the health department, in its fight against the disease was augmenting its force of nurses and doctors under authorization of the mayor who has issued instructions to the controller to provide \$80,000 for the use of the board to be raised through a bond issue.

Meantime the police were taking drastic steps to see that health regulations in respect to sanitation were rigidly enforced. Household premises with unsanitary premises were summoned to court and many fines were imposed by magistrates.

TO HANDLE FINANCES.

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, July 6.—Former Judge Benton Oppenheimer of this city was appointed receiver of the Cincinnati, Dayton and Toledo Traction company today by Common Pleas Court Judge Goble. It is understood that the receiver's duties will not include the operating of the road but merely the handling of the finances.

NEWARK GIRLS WON PRIZE AT CLUB COUNCIL

(Special to The Advocate)

Oxford, O., July 6.—The Council of Club Girls of the Y. W. C. A. is being held here and the work started on Monday with the routine program which included a discussion of the work of the past year and plans for the future work.

The program included talks on social service, inspirational, business, finance, thrift, efficiency, membership and education.

The four Bible classes are being conducted each day with different subjects given by prominent speakers.

In the afternoon five wagonloads of girls enjoyed a nine mile hayride and other recreations consisting of swimming, hikes and tennis.

Rev. Dr. Nelson of Cincinnati gave an inspiring talk on the lawn in the evening on the subject, "The Kingdom of Friendly Citizenship," urging co-operation and service.

On Tuesday after the usual morning program of the Bible classes and commissions, the day was devoted to patriotic demonstrations and at noon the girls gathered for a picnic dinner in the Beech woods.

The afternoon was devoted to athletic contests preceded by a parade. Each delegation representing a true historical event. The Newark girls dressed as Yankee Doodle girls won the first prize.

In the evening, gathered around a huge campfire, the young women sang appropriate songs, and Mrs. Blatchley of New York talked on "World Peace and National Preparedness." Later a beautiful display of fireworks was given from the hill.

BAR ASSOCIATION CONVENES TODAY AT CEDAR POINT

(Associated Press Telegram)

Cedar Point, O., July 6.—Members of the Ohio Bar Association (classified as conservatives) began today their fight for a "busier supreme court." The first guns were fired when the judicial administration filed its report. The conservatives contend the appellate courts have final jurisdiction in too many cases. They assert the supreme tribunal could do all the work they would get a wiggle on them. The discussion over the issue is expected to last all day.

PURITY

At the regular meeting of the Eden township board of education, Mr. Kyle Varner of Fallsburg, was appointed to teach the school in district No. 1 (Kirk's); Miss Bostwick of Pataskala, in No. 2 (Concord); Mrs. Atta Smith in No. 3 (Thompson); Mr. Ernest Wintermute in No. 4 (Polkville); Mr. Buchanan of St. Louisville, in No. 5 (Summit); and Miss Zaida Martin of Fallsburg, in No. 6 (Goshen).

Misses Mary and Dorothy Carter of Newark, were guests of the Misses Arlie and Edith Reynolds from Friday until Sunday.

H. A. Shoemaker, Mrs. Iva Hockberry, Mr. and Mrs. Richard Owens and baby Mirtha, Sidney Larson and three daughters, Eunice, Louise and Isabel all of Newark, spent Sunday with Mr. and Mrs. William Larson. Mrs. H. A. Shoemaker and three children, who had been visiting her parents, the preceding week returned home with them.

Mrs. William Torman of Mt. Vernon, and Mrs. Hugh Hogue and daughter Josephine of Gambler, were guests of their uncle, James Hawke and family Saturday and Sunday.

Mrs. James Platt and daughter, Miss Edith Able, of Ashland, were guests of Mrs. William Elliott from Saturday until Monday.

Miss Kitty Hawke returned to her work in Toledo Tuesday after a two weeks' vacation at the home of her parents, Mr. and Mrs. James Hawke.

Mr. Paul Lewis of Newark, visited over Sunday with his parents here.

Mr. and Mrs. Joseph Hobbs and daughter Miss Elsie Hobbs, attended the Hobbs family reunion at the home of Mr. John Hobbs in Utica, Tuesday.

An all day meeting is announced for Sunday, July 30, at Miles chapel. The ice cream social at the hall here Saturday night was well attended.

Miss Elsie Myers of Long Run, who went to spend two weeks with friends at Croton, has been detained by the illness of her uncle, Mr. Eddie Blaker.

Miss Iva Billman of Utica attended the funeral of her aunt, Mrs. Rhoda Billman, at Long Run, Sunday, and took dinner at the home of Mr. and Mrs. James Hawke.

You never can tell. Many a man who prides himself on being a well-known citizen is too well known for his own good.

TODAY IN CONGRESS

The congressional business for today is thus summarized:

Senate.

Met at 11 a. m.

Resumed debate on agricultural appropriation bill.

Senator Johnson introduced a bill for an aerial coast patrol.

House.

Met at 11 a. m.

Heard consideration of special revenue bill to raise \$200,000,000 through incomes, inheritances and munitions taxes.

Judiciary committee held hearing on proposed federal trade commission investigation of the so-called beef trust.

Just before the trains pull out of the various railroad terminals loaded with guardsmen there is a scene of wild confusion, a kissing, a hugging, and shaking of hands and bidding of God-speed that brings tears to the eyes of even the most disinterested.

LEG SEVERED IN ATTEMPT TO BOARD TRAIN

W. S. Wood, aged 35, of Palmetto, Ky., in attempting to board a west bound Pennsylvania freight train at first stop, Fallsburg, Monday, had his left leg severed at the ankle. The flesh was torn from the leg up to the knee and amputation was necessary. Wood was taken to the Sanitarium in the Bradly ambulance. Wood's father in Palmetto was notified, and word has been received that the father will arrive here Thursday night. Wood is married, and is estranged from his family. Sanitarium officials think that he will survive.

ADVANCES

(Continued from Page 1.)

There has been a demolition by artillery that the were unable to make a strong resistance except at the village of Somme, which had been strongly fortified. Here the attacking troops met with desperate opposition. Each house was fiercely disputed, but by dint of hard fighting the village was won as well as Montau farm to the southwest.

The French consider the capture of Hem as of considerable importance for it commands the passage of the river to Perthes already in their hands. Its possession thus assures a direct bond between corps on either side of the stream.

The Germans are beginning to react more vigorously as reserves arrive south of the Somme and the French advance there is being heretofore contested.

BERLIN CLAIMS FRENCH ATTACKS NOT SUCCESSFUL

(Associated Press Telegram)

Berlin, July 6.—(Via London, 150 p. m.)—After related Russian attacks on positions held by troops of Gen. Count von Bothmer along one sector of the front in Galicia had been repulsed, a Teutonic line were partially transferred to a neighboring sector, the war office announced today.

Between the Meuse brook and the River Somme and in the region south of the river, the statement says, fighting continues. Minor progress made by British troops near Tineval is admitted, was balanced by counter-attacks. Further to the south the British succeeded in obtaining a firm foothold in an advanced trench system.

The headquarters staff announces that the small village of Hem, in the Somme valley, has been evacuated by the Germans.

Belloy-en-Santerre, southwest of Peronne, has been captured by the French. The fighting around Estress is added has come to a standstill.

Attempts made by the French yesterday to advance in the wood southwest of Fort Vaux, in the Verdun sector, were repulsed says the official statement issued today at the German army headquarters. Similar efforts made by the French to recapture the Damloup hill battery, the statement adds, were unsuccessful and cost the French serious losses.

The campaign in favor of the resumption of a full fledged war on commerce goes energetically forward.

Reports from all sections of the country indicate that the agitation is continuing with undiminished vigor both above and below the surface. Never a day passes without

articles in various newspapers to remind the people that, according to the German note, the modification of German submarine methods merely was temporary and contingent upon a modification of the British blockade.

Advocates of the 'unrestricted torpedo' appear at every political gathering regarded as suitable for their needs.

The purpose of the agitation is to fold. One branch of it is directed toward the resumption of the submarine campaign. The other has developed openly and avowedly into a movement against the chancellor Dr. Von Bethmann-Hollweg, largely on the ground of internal politics.

DEADLY EXECUTION

(Continued from Page 1.)

in a still more dangerous position and it is thought he may decide to withdraw toward Lemberg.

In the Lutsk salient at Baranov and along the Riga front the Russians also claim to be making progress and to have repulsed counter attacks. German correspondents express the opinion that General Kuropatkin is preparing an offensive in the Vilna region.

The situation in the Caucasus is somewhat confusing. Turkish and Russian reports are more at variance than usual, both claiming victories in the Tavoruk region of the Russian right. It appears, however, that while the Russian right is drawing back toward the Black sea littoral and their extreme left is retiring across the Persian border in Kermanshah district, their center is continuing to advance from Baiburt southward to the west of lakes Van and Urumiah.

CONFESSED TO THE SHOOTING.

(Associated Press Telegram)

Oakland, Cal., July 6.—Compton Vaughan, who claims to be a son of the late Mrs. Kate Compton Vaughan, a New Orleans writer, and Franklin Vaughan, an attorney of Monroe, La., confessed today, the police said, that he shot and killed George Barnett, foreman in charge of the construction of a dam near Snodell, Cal., during a card game yesterday. Vaughan was employed as a laborer.

BACK FROM HONEYMOON.

(Associated Press Telegram)

New York, July 6.—Among the 84 passengers who reached New York today aboard the United Fruit company's steamer Almirante were Count and Countess Minotto. The countess was Miss Ida Swift, daughter of the Chicago packer, who was married in Chicago on January 15, last. The count and countess are returning from their honeymoon.

SPRINGFIELD LOSES OUT.

(Associated Press Telegram)

Springfield, July 6.—Denial is made here that Springfield will get the Kelly-Springfield Rubber Tire plant. Springfield has been after it, having raised \$350,000 three weeks ago as an inducement. An eastern city is reported to have raised \$1,000,000 which put Springfield out of the running. The tire plant is located at Akron.

He Knew.

We were at the supper table when four-year-old Dorothy suddenly asked, "Mamma what is a stork?" Seven-year-old Gordon, who has had to help a good deal in caring for the two little ones, promptly replied, "A pest."—The Christian Herald.

WANT ACTION ON THE GOVERNMENT SHIPPING BILL.

(Associated Press Telegram)

Washington, July 6.—The government shipping bill will probably be presented to a vote in the senate at this session if it is not necessary to keep congress here all summer.

This was evident today following last night's caucus of senate Democrats. A majority of them insisted that action be taken on the bill, despite strong hints from the Republicans that any move to that end would meet with determined opposition. The latter had proposed that action be postponed until the next session when they would agree to fix a date for the vote.

Final decision of the Democrats, however, was deferred until tomorrow night when they caucus again. Meantime, the senate commerce commission probably will amend the bill in order to satisfy several senate Democrats.

FREDDIE WELSH ACCEPTS OFFER FOR BIG PURSE.

(Associated Press Telegram)

Denver, Colo., July 6.—Freddie Welsh, lightweight champion, has accepted an offer of a purse of \$17,500 for a 20-round fight at Colorado Springs, Colo., Labor Day, according to announcement of Welsh's manager here last night. An athletic club here which offered the purse, reserves the right to name Welsh's opponent.

Nigeria has been added to the lands in which valuable deposits of coal have been discovered in recent years.
